

AIO-P

Crimpen

This tool is made for these applications

Suitable for different connector systems such as open terminals with and without seals, twisted round plugs or insulated cable lugs

That is particularly

Stay as flexible as possible. Thanks to the tool-free tool head change, you are quickly ready for the next repair.

Everything in the right place. The linear crimping movement ensures that the connector wings roll in perfectly.

Customized design of tool kits for your daily work is possible.

Benefit from the price advantage of changeable tool heads.

These functions make crimping more convenient

Tool lies comfortably in the hand thanks to soft handles with anti-slip protection.

Further advantages offered by our Made in Germany standard

The integrated guide makes the replacement of tool heads fast, error-free and always delivers reliable crimping results.

Always a compliant crimp - the positive lock ensures this. Can be unlocked in the event of incorrect operation.

Manufactured from special steel, specially hardened and tempered parts - quality that lasts.

No unnecessary play within the individual parts thanks to precise manufacturing, resulting in maximum reliability.

Tool is optimally set at the factory. It is not possible or necessary to adjust the crimping force.
