*In Life Skills, we will be learning a variety of useful skills, all in a fun and encouraging environment! Topics may include working as a team, basic first aid, self-defense techniques, changing a tire, formal table manners, resume writing, interview tips, party planning, etc. We will take an interest/career assessment at the beginning of the class so that I can bring in speakers who work in fields the students are interested in for Q&A times. I'm open to suggestions for all! -RD
