

NUDO DEEP SEA 2019

Pomellato dives into Mediterranean inspiration with the intense blue gemstones of Nudo's new rings

Capturing the summery blues of the sea, Pomellato makes new waves with the **NUDO DEEP SEA** ring collection. With two-layer settings of both gem and mineral stones, **NUDO DEEP SEA** shines with unprecedented color intensity. In three innovative stone combinations, **Sky Blue Topaz with Agate**, **London Blue Topaz with Lapis**, and **London Blue Topaz with Turquoise**, **NUDO DEEP SEA** recalls the liquid reflections of the Mediterranean, as it pushes the boundaries of gemstone color.

WAVES OF COLOR

Inspired by the infinite blue hues of the Mediterranean, Pomellato pays tribute to Italy's iconic coastline. Sky Blue Topaz combines with Agate to float a turquoise paradise, sparkling like the crystal waters of Sardinia's Cala Luna Beach. London Blue Topaz and Lapis erupts with intense blue hues, inspired by Stromboli and the deep waters that surround its volcanic island. London Blue Topaz and Turquoise splashes to capture the colorful spirit of Portofino, the chic and glamorous seaside village rendered famous by celebrities and Italian charm.

The band of each **NUDO DEEP SEA** ring sparkles with blue topaz pavé, a precious testament to Pomellato's jewel-setting mastery. Marrying gems and mineral stones, the innovative Milanese jeweler captures the light like vibrant reflections in the sea. With a copyrighted cut and design, Pomellato's iconic **NUDO** jewels are known to combine playful wearability, mix-and-match colors, and artisanal savoir-faire.
