“Offering Tomorrow’s Technology & Process Advancements, Today”

At Progress Medical and 2D Global, we provide ancillary services that cater to foot care, especially for wound care problems such as Diabetic Foot Ulcers. If your practice is not doing wound care or is using traditional “standard of care” therapies, we encourage you to turn to our Amnion Patch therapies. Pictures are worth a thousand words, so please look below!

Figure 7a: Screening Week 1
 ulcer history: 36 weeks
Depth: 10.5%, Area: 0.8cm², Length: 1.5cm, Width: 2.0cm, Depth: 0.1cm

Figure 7b: Screening Week 2. Ulcer has healed 2 weeks using standard of care with alginate dressing.
Length: 1.5cm, Width: 2.0cm, Depth: 0.1cm

Figure 7c: Week 2 of Amnion treatment
Length: 0.5cm, Width: 1.2cm, Depth: 0.1cm

Figure 7d: Week 3 of Amnion treatment
Length: 0.2cm, Width: 1.2cm, Depth: 0.1cm

Figure 7e: Amputation
Length: 1.5cm, Width: 2.0cm, Depth: 0.1cm

Figure 7f: Week 1 of Amnion treatment
Length: 1.0cm, Width: 1.5cm, Depth: 0.1cm

Figure 7g: Week 4 of Amnion treatment
Length: 0.5cm, Width: 1.0cm, Depth: 0.1cm

Figure 7h: Week 5 of Amnion treatment
Length: 0.2cm, Width: 0.5cm, Depth: 0.1cm

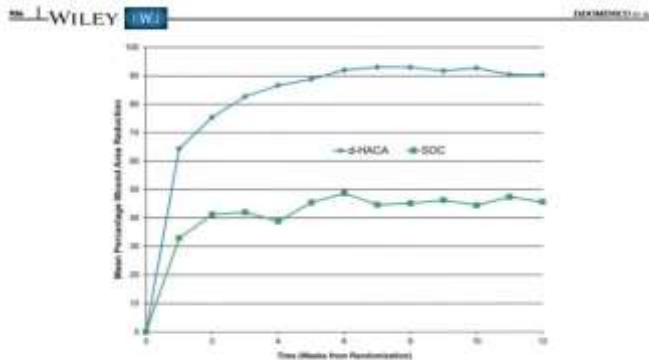

FIGURE 6 Weekly percentage wound area reduction up to week 12 (data is best fitted by treatment group $P < 0.001$)

AmnioBand® Membrane CLINICAL HIGHLIGHTS

Significant wound area reduction with just a few treatments

Lowest cost to closure

Head wounds in a fraction of the time, at a fraction of the cost.
AmnioBand Membrane is the most cost-effective treatment option in the industry for three reasons:
Greater healing in less time | Fewer applications | Wide variety of sizes

AmnioBand® Membrane CLINICAL HIGHLIGHTS

Use of an Aseptically Processed Dehydrated Human Amnion and Chorion Membrane Improves Likelihood and Rate of Healing in Chronic Diabetic Foot Ulcers: A Prospective, Randomized, Multi-Center Clinical Trial in 80 Patients. *Wound Care Medical Journal* July 2008
Lawrence A. Strohman, MD, PhD (1); David P. Dugg, MD (2); Robert G. Collins, MD (3); Thomas J. Serna, MD (4); (5) Marissa J. Latta, PhD (6); (7) David P. Collins, MD (8); (9) John L. Young, MD (10); (11) Jacob M. Jacobs, PhD (12); (13) Charles M. Jones, PhD (14); (15)

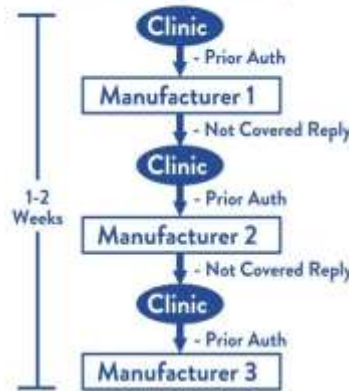

AmnioBand® Membrane: Diabetic Foot Ulcers

MTF Biologics recently completed a multi-center, prospective, randomized, 80 patient, controlled clinical trial evaluating the use of AmnioBand Membrane in chronic diabetic foot ulcers (DFU) patients. As an advanced treatment option, AmnioBand Membrane significantly outperformed the standard of care (SOC) alone, with half the number of treatments needed. But, don't just take our word for it. Check out the stats to see why AmnioBand Membrane is meeting your needs from clinics like yours.

Expect more with less: Greater healing in less time

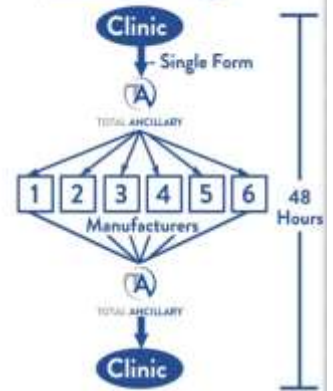

Current Process

- Limited Manufacturer Relationships
- Time Consuming Prior Auth Process
- Risk of No Reimbursement
- No Payment Terms

TA Advantage

- Contracted w/ Many Manufacturers so the Clinic Gets the Best Outcome
- Turn-key Prior Auth Process
- Risk Free Manufacturer Guarantees
- Manage Ever Changing Reimbursements
- 45-60 Day Payment Terms

Progress Medical, 2D Global and our partners work with several amnion patch manufacturers to ensure better outcomes for your patients while increasing your clinic's profitability. Patients receive an 85% success for complete wound care in a few short weeks. Practices reap benefits including preauthorization with insurance companies, a 45-60-day billing cycle (as opposed to full product payment upfront), increased profitability options with ever-fluctuating markets, and risk-free manufacturer guarantees. Best of all ancillary services, including conservative diagnostics and hydrotherapy options to prove medical necessity, are FREE to your clinic.

Our national Podiatric feedback has identified the challenges, pitfalls, need for enhanced care and desire for increased profitability in the industry.

Literally, everyone wins with our system and it is very easy to get started! Let's set a quick 10-15 minute introduction. Call or text me to schedule @ 214-998-8457.
