

BATTERY

**Tubular, Solar Compatible & Automotive
High-Performance Batteries**

FEATURES

- * Cold forged terminal inserts
- * Microporous PVC glassmat/Polythelene envelope separator
- * Batteries with tubular positive plates
- * Pasted type negative plates with PVC guards
- * Heat sealed covers
- * Selenium Lead Quality
- * Polypropelene container
- * Ceramic vent plugs
- * Very Low maintenance
- * Best after sales & service
- * Electrolyte level indicators
- * Lead coated Terminal fasteners

VERY LOW MAINTENANCE HIGH POWER BATTERIES
