

SCENT WORK SEMINAR

PRESENTED BY ALEKS WOODROFFE OF

RELEASE CANINE

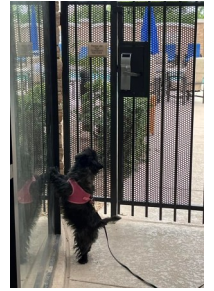

Location: Territorial Early Childhood Center, 1088 Mahan Lane,
Chino Valley, AZ 86323

Dates: Saturday August 31st and Sunday September 1st

Saturday will be for teams new to the sport

Sunday for more advanced teams

Dogs must be on odor to participate

Day 1 Morning Topics: 8:30-12:00

How Do I Get My Dog To Stick? - This session will work on building a stronger odor obedience for your dog. This can make reading your dog a little easier and take less stress off of you as a handler to catch those "subtle signs".

The Independent Searcher: Starter Level - This session will work with dogs just starting in the sport (from just starting to competing in AKC advanced, NW1, or equivalent). The focus will be to build independence and confidence away from the handler to solve odor problems and indicate the source location without the help of the handler.

Day 1 Afternoon Topics: 1:00-4:30

Changes of Behavior (COBs) - Suitable for any level

Leash Handling and Body Pressure - learn how you can influence and become an important teammate to your dog's searching while maintaining their independent search style! You will be able to learn how to apply or release pressure to help support your dog through tricky searches. Your leash is an important tool! You will be able to learn how you can use it not just as a tether to your dog.

Day 2 Morning Topics: 8:30-12:00

Building Drive and Focus - Novice/Advanced AKC and UKC, C-WAGS Levels 1 and 2, NACSW NW1 and 2

Scent Puzzles - This session will focus on how to set up a scent puzzle to target a specific skill. You will learn more about airflow and how you can use it to your advantage while setting up a search at home.

Day 2 Afternoon Topics: 1:00-4:30

Cleaning up your alerts - build confidence in your dog's communication of odor source to you! Using simple scent puzzles we will build your dog's trust in you that they will be paid at source. As a result, your dog's alert will become clearer and easier to read.

Handling - *The head, hips, knees, and toes - Teams will work on understanding their own body language and how it can help or hinder a search. We will be working the dogs through odor problems, but learning how to be a better handler to support while allowing the dog to still work independently.*

Cost: \$150 for a Full Day Working Spot per Day
\$50 Audit Spot (NO DOG)

Breed of Dog: -----

Circle the Day You Wish to Come: Saturday (Novice) Sunday (Advanced/Excellent)

Circle the Level You Wish to Participate at: Working Spot (\$150) Audit (\$50)

Working Spots are Limited to 10 on Saturday for Novice Dogs, 8 on Sunday for the more advanced dogs. Audit spots are unlimited. Working Spots will be offered to CVCTC Club Members first by Random Draw. Club Member Registration Forms received between June 10th and June 17th will be put into the random draw. If all working spots are not filled from that draw, working spots will be opened to Non-Club Members until capacity is reached or entries close on August 15th. A wait list will be compiled if all the working spots are filled. A minimum of 6 working spots each day must be filled in order to proceed with the seminar. Cancellations will be given refunds if notified before closing on August 15th.
