Public Random Drawing

Lottery Date:

Admission preferences in the case of a public random drawing shall be given to the following students in the following order:

1. Siblings of students admitted to or attending The Heights Charter
2. Students of The Heights Charter's teachers and staff
3. Residents of Dehesa School District
4. All other applicants

Lotteries will be conducted in ascending order beginning with the lowest applicable grade level. There is no weighted priority assigned to the preference categories; rather, within each grade level, students will be drawn from pools beginning with all applicants who qualify for the first preference category, and shall continue with that preference category until all vacancies within that grade level have been filled. If there are more students in a preference category than there are spaces available, a random drawing will be held from within that preference category until all available spaces are filled. If all students from the preference category have been selected and there are remaining spaces available in that grade level, students from the second preference category will be drawn in the lottery, and the drawing shall continue until all spaces are filled and preference categories are exhausted in the order provided above.

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be placed on a wait list according to their draw in the lottery. This wait list will allow students the option of enrollment in the case of an opening for the school year they applied for. In no circumstance will a wait list carry over to the following school year.
