

The Heights Charter School
 NSLP Eligibility Form
 2023 - 2024

When applying for funds to operate each year, publicly funded schools must report the percentages of their families in each of the four income categories defined by the National School Lunch Program (NSLP). Completion of this form allows us to qualify for additional funding. Your categorization is determined by the total number of people and the total annual income of your household. Please check the box in Section A or mark the appropriate box in Section B or C. This confidential information is collected and compiled exclusively for institutional comprehensive cohort reporting. **Absolutely no individual family income information is reported nor released.**

A. Based on the charts below, my income level does not qualify my family for NSLP eligibility.

B. If applicable, please use the grid below and check the appropriate box in the Free or Reduced column heading.
