

CITY OF REINBECK
414 MAIN STREET
REINBECK, IA 50669-1050

PHONE: 319-788-6404

FAX: 319-788-6910

cityhall@reinbeck.net

The City is updating its records of service lines. We need help from residents and business owners to identify private service line material. Please fill out our short survey to help us complete our inventory in an efficient manner.

Please submit a survey for your property, regardless of the age of the structure.

Please fill out a separate survey for each property you own within the city.

Identify Your Service Line Material

The service line is the pipe that comes into the water meter from the street. If you are unfamiliar with how to identify your service line material, please contact City Hall at 319-788-6404 and we can arrange a time to come and identify it for you.

My service line material is:

- Lead
- Galvanized
- Copper
- Plastic

If you are able, please submit a photo of your water meter & service line. Try to frame the photo similarly to the example photo below with the majority of the focus on the pipe that protrudes from the floor or wall and goes into the meter. You can also email your photo to cityhall@reinbeck.net.
