Camper Criteria for Haven Camps - 2023

The purpose of the Haven Camp program is to provide a safe, fun, community camp environment. In order for our program to be successful the following camper criteria must be met:

- 1. Campers must be at least 18 years of age or older.
- 2. Campers should be able to participate at some level with our program activities and be able to follow along with our general camp schedule. We offer a wide variety of activities including crafts, music, games, dining, socializing and spending time with other campers, shopping, services where we learn about God, and other camp activities.
- 3. Campers should be able to control their emotions and provide a safe, fun, community environment for everyone. Campers who are verbally or physically aggressive with staff or peers are not eligible for camp.
- 4. Campers must be continent and be able to express themselves in some manner when they need to use the bathroom. While we recognize "accidents" can happen at camp, campers needing full assistance in this area or who are having routine accidents during their stay will be sent home.
- 5. Campers must be able to care for their own personal care needs (ADLs: bathing, dressing, using the bathroom, eating, etc.) with verbal prompts and or gestural cues. Physical support will be provided for fastening buttons/zippers, ensuring water temperature is regulated and diet plan is followed.
- 6. Campers who use a wheelchair should be able to transfer independently into and out of a wheelchair (i.e. to a bed, using toilet, transfer to a chair, etc.), as well as navigate their wheelchair independently or with minimal assistance. At camp, the ground can be uneven and in some places rocky. We also travel a short distance to get to each location. Please be mindful of this if the camper has difficulty with ambulation or gait (i.e., if using a wheelchair, walker, cane). Campers needing a gait belt to avoid the risk of falling are not suitable for camp.
- 7. Our counseling staff are here to guide the campers with the camp program. They are not trained nursing assistants, but instead are individuals with training to meet the campers' basic and simple needs. Our counselor to camper ratio ranges from 1:3 1:5.
- 8. Nurses and trained staff are present at all times to meet and support the needs of campers. If a need arises, the medical staff or Haven Camp director will reach out to the home numbers listed and then follow through with any emergency numbers listed. Camp staff must be able to reach someone at all times, up to and including support for immediate pick up or medical support.
- 9. Campers should be in good physical and mental health when arriving at camp. If you have been sick or have recently been ill (within the previous 48 hours), please call to reschedule your visit.

If you have any questions or would like to let us know about a special circumstance, please feel free to contact our office. Staff can be reached by phone at # 315-338-9498 or by email at office @havencamps.com.

Campers who do not meet Haven camper criteria upon arrival or at any time during their stay will be sent home immediately without refund.

We look forward to reviewing your application for Haven Camp.
