

Anderson Distilleries bread

375ml

Vodka

40%abv

We brew this from organic, locally made, artisan, bread

The bread itself is made from a mix of grains grown in BC. We take the day-old, and cosmetic reject loaves, grind them up and process them into beer just as we would raw barley. We then ferment and distill it the same way as our Tequila-process-vodka. The result is a vodka with overtones of fresh baked bread

Ingredients: Water, Wheat, Barley, Spelt, Rye

May contain traces of other potential allergens

Not suitable for persons with any severe allergies

Made in Burnaby BC, from BC grown grains
