

Updated 12/7/20

Hello,

This is a list of models and other R/C related items I am currently offering for sale.

I've been in the hobby for 45 years and have accumulated more than I can probably use in my remaining years! I'm not getting out of the hobby, just thinning the collection a bit!

I will be adding items as I decide to sell them and will update the list as items are added and sold.

Items highlighted in **green** are newly added to this list. Items in **yellow** are place-keepers while I get more info on that item.

Items highlighted in **red** are sold.

If you would like to be kept up-to-date, please send me an e-mail; thomasjkalfas@gmail.com.

I'll send you an update periodically and whenever I add items to the list.

If you are interested in any of the modeling items listed below, please contact me,

Tom Kalfas
Camp Hill, PA

(717) 329-4808
thomasjkalfas@gmail.com

I can text or e-mail photos of items of interest. Please provide the appropriate contact info and the item(s) for which you'd like to receive photos.

I don't have photos of every item on-file. It may take a few days to get something to you in those cases.

I'm never insulted by reasonable offers.

Thanks for looking!
