

This Estate Claim and lien has been recorded and is now being forwarded to Pope Francis.

Probably a first in world history.

This is coming from Anna Von Reitz and James Clinton Belcher, of the Alaska State Superior Court.

It consists of three parts, with 4 separate files which are all in PDF format.

- (1) Estate Claim Letter/Notice of Beneficiaries 1 document
- (2) Public and Private Lien 1 document
- (3) Judgment and Findings 1 document in 2 separate PDF files.

I am sure many of you will have questions about these very important documents that show the world who we are and who the culprits have been for centuries in the enslaving of the world, and who by their silence has allowed all this evil to happen.

You might not all agree, and in fact I myself don't agree with some of what is said about the Church at the beginning, but be that as it may **THESE DOCUMENTS ARE IMPORTANT and nobody has ever done anything like this before now, in the entirety of human history.**

The evil we are fighting is so pervasive world wide that it can't be fought on a smaller than world wide arena.

The evil is completely institutionalized and has been for so long that it will take a miracle of grace and light to expose it so you and I can really understand it all. Documents like these help, but the only real way to understand this is with the grace of God, and for that we need to get on our knees and beg Him for that Grace. Until enough people do that, it will seem like this evil is all too overwhelming to be overcome by good. **But keep the Faith. Things are happening rapid fire now.**

At some point all the details of the court cases will come out, and I will be stuck programming it all so you can see it all, with references. Anna calls that the Puzzle Project, and I can't wait.

In the meantime please read, and save to your computer hard drive the following documents, which are historical to say the least.
