

SEPT/30/2024

**To Whom It May Concern,**

I am endorsing Kevin Kraft for the upcoming Provincial Election in October. While he is not the MLA candidate for my area, his record and character are well known in the riding.

Kevin's experience as Central Okanagan East Director has shown me his ethical approach and commitment to resolving issues effectively. His roles as Electoral Area East Director and Vice-Chair of the Regional District Central Okanagan Board and the representative to the Okanagan Regional Library Board have equipped him to advocate for both small communities and rural areas.

With a background in firefighting and education, Kevin is well-prepared to tackle local challenges such as fire safety and flood mitigation. As a young father, he understands the needs of families in the riding.

Recent discussions at the UBCM conference highlight the need for independent candidates who can represent constituents without party constraints. With pressing issues like rising debt, healthcare crises, need for structural protection (FireSmart), the opioid crisis and homelessness, Kevin's independent perspective is crucial for effective governance.

This election is vital for the future of British Columbia, and I believe Kevin Kraft is the right choice for strong local representation.

Sincerely,

Wayne Carson  
Electoral Area Director - RDCO  
North Westside - Central Okanagan West
