Diner Story

In the beginning, way back in 1872, horse-drawn "night lunch wagons" would travel the streets providing food and coffee to late-night workers. The 20's brought many changes along with a new name, "Diner." The "Diners" were parked on roadways to feed weary travelers when traveling became popular with improved highways and automobiles. Time marched

on and the 30's brought a new "Diner" look with rounded corners, stainless steel and glass blocks.

With the 40's influence of Art Deco and neon you have the "Diner" we recognize today.

Local Diner has brought the "Diner" to your neighborhood. Along with the nostalgic atmosphere, Local Diner provides wholesome and nutritious meals for the entire family at affordable prices.

Thank you for your patronage.
