

How to add a shortcut to our website on your iPhone.

Open Google on your iPhone and search for www.corntagiousnews.com.

Tap on the small box with an upward arrow in the top right corner.

Select Open in Safari to reload the website.

Open in Safari

Once in Safari, tap the same box with the upward arrow again.

Scroll down and tap Add to Home Screen.

Add to Home Screen

Tap Add, and the shortcut will appear on your home screen for quick access.
