board meeting:

Tuesday, July 16, 2024  
6:00PM

Twin Creeks Conference  
Room

The next GOMA board meeting will be held on July 16th at 6:00 pm at the Twin Creeks Retirement (on Twin Creeks Crossing) in the Conference room.

**All home owners are welcome to attend.**

Greetings Griffin Oaks Homeowners & Residents,

Some days, I feel that the "aging process" is catching up with me ...and our homeowner association also is experiencing the same feeling. Our association dates back over 20+ years ago and signs of aging are more noticeable then when I assumed the position four years ago as head of GOMA.

We have recently had a series of issues with the irrigation system that delivers water to the grass and trees in the "street strips". The issues have been caused by tree root systems that have expanded since they were planted 20+ years ago. The roots have cracked irrigation pipes and broken control wires, disrupting water delivery to street strip sprinklers.

We've had to engage a tree service company to remove three large oaks and grind out the roots that caused the damage. We also have an obligation to replant a tree in the area, which will be planted in the cool of the fall.
