

# ConcreteDirect Customer Apps

Version 1.60 Expected on April 27, 2020

## New Display Of Payloads

Load	Total batched	Truck No.	ETA	
 9 CY	63 CY	93	Loading	>
 9 CY	54 CY	5363	n.a.	>
 9 CY	45 CY	123456	In ~99 min	>
 9 CY	36 CY	432	In 12 min	>
 9 CY	27 CY	3222	Arrived	>
 9 CY	18 CY	1054	Pouring	>
 9 CY	9 CY	45002	Delivered	>

DUPLICATE ORDER

Several changes have been made to the Order Details screen:

- The customer truck list will now be displayed under a single header, sorted by “Total batched”.
- Both Delivered and undelivered trucks will be stationary in their position in the list.
- The ETA will be displayed as a countdown: “In 30 minutes”
- Delivered truck icons will be a checkmark.

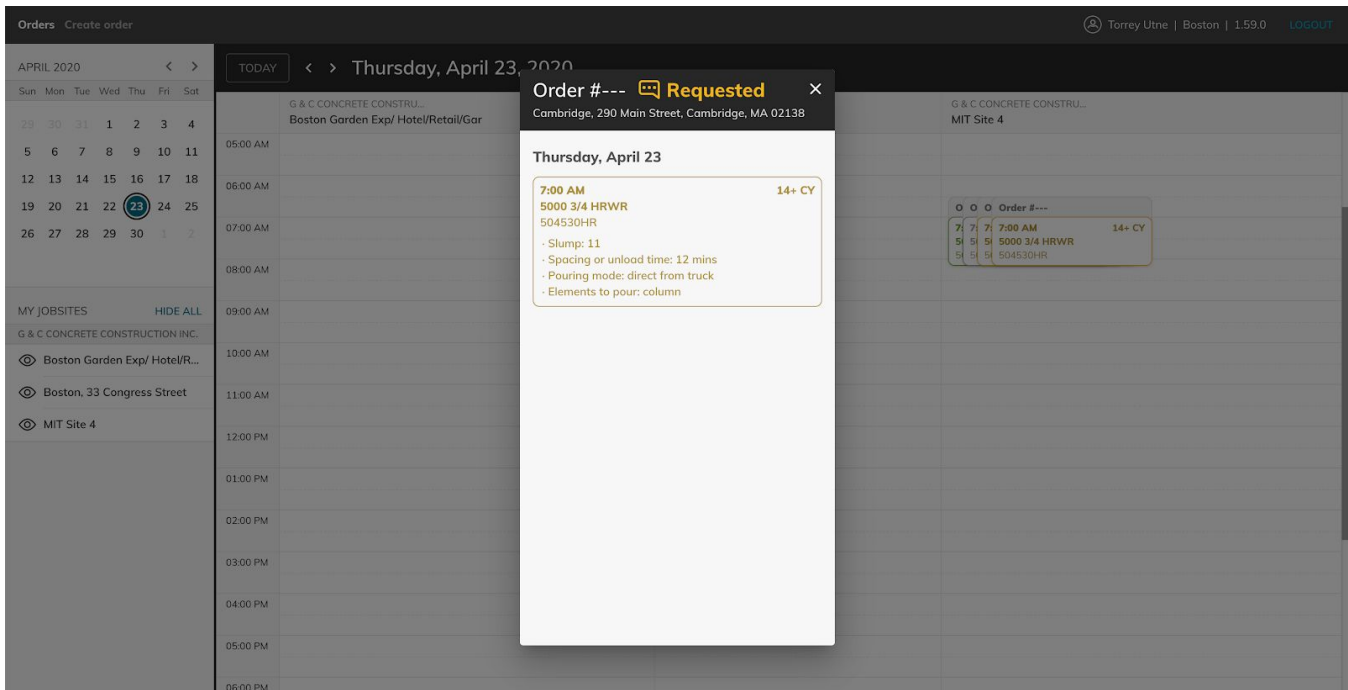

## Display Of Cumulative Batched

16:20 100%	
Load 3 of 5	
Jobsite	MIT Site 4
Ship to	1831 Broadway Saugus, MA 01906
Purchase order	IMAHDDHJNSLKJHD
Pouring mode	pump
Total this load	18/33+ CY
Total batched	18/33+ CY
Will be updated during delivery	
Delivery instructions	
No instructions	

E-tickets will now display both the cumulative total batched for that specific truck as well as the total batched for the entire order.

# Customer Web App: Order Details

On ConcreteDirect.com, customers can now view their order details by clicking directly on the order tile:

## PDF's Cumulative total
