

# ConcreteDirect Customer Apps

Version 1.62

## Paperless

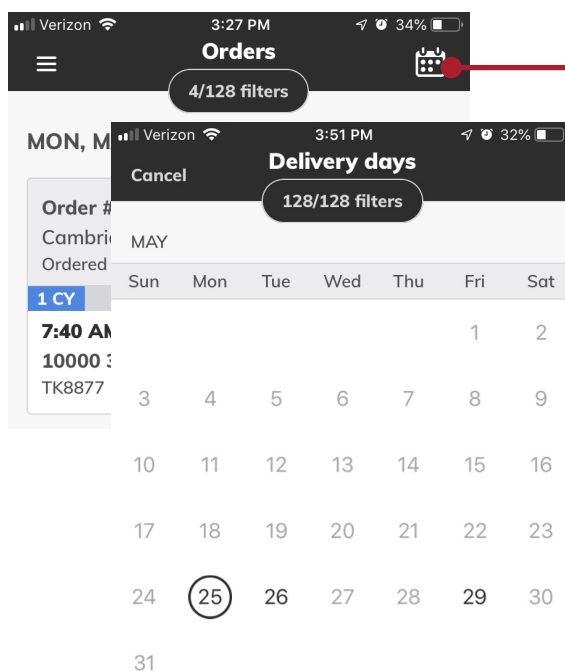

Jobsites and orders can now be paperless.

This means that all jobsite and order data is stored in the app.

All orders marked as “paperless” will have a green leaf icon.

Delivery tickets for paperless orders will not print from Command Batch.

## Delivery-Days Calendar

### Calendar View Of Orders

The calendar view of your visible orders allows you to see on what days you have orders scheduled and quickly navigates to the desired date.
