

VHCF's 2026-2030 5 Strategic Pillars

An organisation for persons with disabilities

Vision Healthcare Foundation (VHCF) Organisational Brief

About Vision Healthcare Foundation (Pakistan)

Vision Healthcare Foundation is a not-for-profit organisation committed to delivering high-quality, accessible, and inclusive eye health services across underserved communities in Pakistan. VHCF works to reduce avoidable blindness and strengthen disability-inclusive healthcare systems for vulnerable populations, particularly women, children, marginalised communities, and persons with disabilities.

The organisation combines hospital-based eye care, community outreach, school health programs, workforce development, and integrated primary healthcare models to create sustainable, people-centred solutions.

VHCF Founders

Dr. M. Mazhar Awan
Chief Executive

Justice® Mushir Alam
Chairman

Vision

A future where underserved communities and persons with disabilities in VHCF's areas of operation can access high-quality eye care, disability-inclusive primary care, and linked community services that protect vision, functioning, dignity and participation.

Mission

To deliver high-quality secondary eye care, strengthen disability-inclusive primary care and community pathways, and advance school health, workforce development, and sustainable service models that expand access, improve outcomes, and support people-centred care.

Core Values

Equity and Inclusion

Quality and Safety

Compassion and Dignity

Integrity and Accountability

Learning and Innovation
