Information about Stayfit- ORSFIT -

Apple/Orange Flavours

ORSFIT - ORS (Oral Rehydration Salt) formula. Oral Rehydration Salt is a combination of Dextrose and a number of essential electrolytes (Sodium Chloride, Potassium Chloride, Sodium Citrate). ORSFIT restores body fluids & electrolytes, lost due to dehydration in during Diarrhea, vomiting, muscle cramping, and exertional heat illness, while exercising in hot or humid weather.

Role of key ingredients:

Sodium Chloride (NaCl)

Sodium Chloride are essential in body to make fluid balance. Sodium chloride is utilized by body cells for its normal function.

Potassium Chloride (KCl)

Potassium is an extremely important electrolyte that functions in the maintenance of water balance and distribution, acid-base balance, muscle and nerve cell function, heart function, kidney and adrenal function.

Dextrose

Provides instant energy.

Key benefits of ORSFIT

- Refreshing Electrolyte Drink
- Replenishes essential electrolytes
- Gives Instant Energy
- Helps in rehydration
- Helps to reduce tiredness & fatigue
