In mid December, I had a tooth extracted. Under laughing gas, I had a hallucination. I was in the back of a church/temple. All the pews had my teeth with their long roots standing and bowing to the Holy Molar on the pulpit. All my life traumas were lined up, entering the Holy Molar – I heard the endodontist say, "It's not coming out." Then I heard an inner voice say, "Forgive". According to the tech I said, "I forgive – now GET OUT!" and the molar popped out in its entirety. Since then, the traumas are gone. I'm free!!!

Hope to hear from you soon,
Lisa
