(\$250 - Zelle, Venmo, Cash)

Overview: Repatterning traumatic events. Regression work. Find the origin of trauma, learn how to take the client back through the event, reliving, discharging the trauma. Secondary tool – acting out suppressed violence. Powerful – will identify triggers-once they are connected to their true origin, they will cease – allowing true healing to sustain.

REGRESSION BEYOND CONCEPTION

Friday, Sept 25, 10:00am – 5:00pm EST

One day workshop & practice

(\$250 - Zelle, Venmo, Cash)

Overview: Imprinting can trap a person into the parent's patterns that don't belong to you! Imprinting happens in utero, at birth or during the first few months of life. This process regresses the client to a soul body/pre-conception state. The imprinting is removed and healing begins. The authentic self begins to emerge and is allowed to take the place of the self that was born out of trauma.

Nemzo's ground-breaking case history "Regression Beyond Conception" was presented at the ISSSEEM Conference to 70 scientists studying the biofield for the Study of Subtle Energies and Energy Medicine Research Symposium.
