Seren Kids/Seren Super Camps (hereafter referred to as Seren Kids) uses its risk assessment procedures to ensure that it is a safe and secure place for children, staff & visitors.

Seren Kids carries out regular and thorough risk assessments to ensure that risks and hazards are identified, and appropriate action is taken.

- Whenever there is a change to equipment or new equipment is being used
- Equipment or environmental changes due to a specific need of a child or staff member
- If there is any change to a Seren Kids premises

Not all risk assessments will be required to be written down (e.g., if a jumper is left on the sports hall floor but is moved before the start of the session) however, staff will decide (in consultation with the manager) which risks are to be recorded.

Pre camp / session checks:

Visual checks to all areas to be used (e.g., Sports hall, swimming pool, dining hall, changing rooms etc) before any children arrive

All welfare facilities are clean and tidy with no obvious hazards such as wire that aren't taped down or tied up appropriately.

During camp / session checks:

If an Injury occurs or a danger is spotted, the cause is immediately investigated and dealt with

All welfare facilities are clean and tidy

Post camp checks:

If there is a serious or dangerous incident or accident then the manager must complete accident report form (in the book). If the incident effected a child, a note must be kept on the child's file.

If changes to the risk assessment are to be made, Seren Kids will ensure that staff are informed, and the relevant documents are updated.

Fire Safety

Seren Kids understands the importance of fire safety, below we have outlined the following fire safety points:

- Staff are aware of the location of all fire exits, the fire assembly point and where fire safety equipment is stored
- Children are introduced to the fire safety procedures during their settling in period

- All children are shown the location of fire exits and the fire assembly point
- Fire doors and fire exits are clearly marked, are not obstructed at any time, and are easily opened from the inside
- Fire extinguishers, fire alarms and smoke alarms are regularly tested in accordance with manufacturer's guidance (and the school's policy) this is often conducted by the premises owner/school rather than Seren Kids themselves, but Seren Kids shall ensure that they have screened premises and school policies and discussed them with premises manager/leadership team prior to camps/clubs commencing.
- Each site has notices explaining the fire procedures which are positioned next to every fire exit

Fire prevention

Seren Kids will take all steps possible to prevent fires occurring by:

- Ensuring that power points are not overloaded with adaptors
- Ensuring that Seren Kids No Smoking rule is always observed
