TK AUTO HAULING LLC

FEDERAL CONTRACTING CAPABILITY STATEMENT

COMPANY OVERVIEW

TK Auto Hauling LLC is a U.S.-based freight transportation brokerage that arranges vehicle, freight, and specialized equipment transportation through independent motor carriers. We support shipment planning, carrier coordination, dispatch communication, and transportation logistics for commercial and government customers.

CORE CAPABILITIES

- Nationwide vehicle transportation coordination - cars, trucks, and fleet vehicles
- Heavy-equipment, machinery, and specialized freight hauling arrangements
- Boat, RV, and container transportation coordination
- Open, enclosed, flatbed, lowboy, and other equipment-based transport arrangements
- Pickup and delivery scheduling, carrier sourcing, shipment tracking, and dispatch coordination

OPERATING MODEL

Freight broker utilizing independent motor carriers. Transportation is performed by selected carriers with appropriate operating authority, insurance, equipment, and qualifications for each shipment. TK Auto Hauling coordinates the movement rather than operating its own fleet.

BUSINESS DIFFERENTIATORS

Broad transportation scope across vehicle, equipment, and general freight categories; flexible carrier sourcing based on load requirements; coordination of multi-state shipments and specialized hauling needs.
