President's Report – Don Danner

The Gordy Ride went off well. Don thanked everybody for set up, it looked great, everybody was happy.

Paul thought it was a pretty standard turnout.

Don saw a lot of Cyclo-Vets jerseys. The 50-mile fun ride went well.

Next time, Don will get the word out more quickly and get the route out on the 50 mile ride. There was some feedback on the 50. Some people were not happy with the lack of shoulder on Otay Lakes Road. Julie suggested routing the 50 mile to Border Field State Park. Paul thought going around the bay might be a good way to do things.

Don will work on a route.

Treasurer's Report – RoxieAnn Danner

Account Balance is \$15,090.59 as of April 30, 2022.

Secretary's Report – Julie Hamilton

The minutes from our April 11, 2022 meeting were approved.

Membership Report – RoxieAnn Danner

Currently have 85 members.

Bobby Offert is the newest member, he came to San Diego to visit his brother. Because of that he joined and gave us a \$100 donation. The comment he made was to donate in honor of Gordy. Gordy was his godfather. Gordy inspired him.

Haven't seen many new members recently.

Darryl had suggested a couple months ago about sending an email to people who were members and had not rejoined.

RoxieAnn suggested Don might want to write a letter to members to rejoin. Darryl's intent was to send to members that were members last year and have not rejoined. If anyone has the name of someone that is riding and has not rejoined, add them to the email.

Sponsorship Report – *Armen Kachadourian*

Nothing new on sponsors.

The Masters and Super Masters State Road Championship will be in Chula Vista, hosted by PRT. 5k circuit race on Hunte in Chula Vista – 36 mile course. Can sign up at BikerReg.com
Paul has a bunch of stuff Armen may use – vests, stop signs, etc.

Bike Coalition Report – *Paul Gorman*

The Coalition has been looking into the new infrastructure on UCSD Campus. Not great for road riders, but does help the students to feel safer. Saw it the first time on the Saturday ride.

RoxieAnn said we had discussed donating to the Bicycle Coalition in May, she thought this month is a matching month. She will check with David Nichols.

David and Jean will be working with Ride the Point again this year, she would like Cyclo-Vets to be thinking about a donation.

Clothing Report – *Rob Bernhard*

Rob talked with Carla at the Belgian Waffle/Wafer Ride. She said everything is coming along fine, she thinks the kits will be delivered in the usual 6 weeks.

Armen appreciates Primitive Art in the front. He proposes rotating the front to focus on different sponsors.

New Business:

Cyclo-Vets Equipment - Don picked up the Cyclo-Vets equipment from Jason Stratton.

David and Paul helped sort through the equipment. His suggestion should inventory the equipment and find out who has what. We are missing two EZUPs with Cyclo-Vets logo.

Paul's suggestion is we should just send out an email to the general population, we might get an answer. We have pictures of the EZUPs at the Gordy Ride in 2015.

Email the entire club, Julie will make a list of the inventory.

Website – John Goodman

John has noticed we have two websites, how do we get rid of one. Julie is trying to get a redirect from the City on the planning page.

Network solutions owns all the names and controls them. RoxieAnn will ask our web person to see if she can figure out who owns the old website and get rid of it.

Old Business:

Roads in Need of Repair – Don would like us to start reporting the roads that we ride that are most often in need of repair rather than just relying on the Coalition to report roads that are commonly used by cyclists that need repair.

Roselle,
Camino De La Reina
Sorrento Valley Road
Harbor Drive from Chula Vista to downtown

Paul – the money to build new bikeways is completely separate from the money to maintain new bikeways. The money to build new roads is also in a separate fund from road maintenance. He thinks there are ways to go through Get It Done to get roads fixed.

Don – Bike Coalition needs to make road maintenance first over bike paths, put it first.

Put out an email to Cyclo-Vets to build an inventory and start pushing the right people to get repairs.

Future Events

Masters Championships
Ride the Point
