### **SDCBC Report – Paul Gorman**

While Paul was riding on the south side of Friars Road, he noticed it has been cleaned several times within the last few weeks. He went on to say, it would be great if all cities in San Diego, would follow their example.

Pierre opened up by talking about Council of Clubs and what they're doing about protected bikeways and the maintenance that is necessary to keep them safe .

Some cities in San Diego are onboard with keeping these bikeways clean for riders, while others are not. Some streets and roadways are in better shape than others throughout the county. Each city has to maintain their own bikeways to create a feeling of safety for all riders and allow traffic to flow smoothly. Paul interjected that the Council of Clubs has had great success working through the SDCBC in putting in protected bikeways for safer riding.

### **Club Rides –**

Jeff mentioned that Saturday club rides, as well as other club rides, are still (officially) canceled due to the pandemic. Very small groups, however, are still riding together while maintaining social distancing.

### **Old Business –**

Jeff talked about our continuing support of SDCBC and CALBIKES by making a motion to donate \$1000 to SDCBC. After a brief discussion the motion was made and it passed.

### **New Business --**

Jeff talked about the need for new board members for 2021 and that he will not be continuing as president for 2021.

Meeting was adjourned at approx. 7:14 pm. Next BOD Meeting – 10/12/2020
