Wisocracy Univers*ty

We are influencing the minds of people who will be creating the future.

Influence isn't about pushing back the storm today. It's about keeping the light burning so humanity knows where to find a safe harbor.

We have built a foundation that moves beyond "greed-based" education.

We are teaching stewardship at a time when the world is finally realizing it is the only way out of the polycrisis.

Wisocracy Univers*ty

WHAT

A space to go from confusion, chaos, conflict, competition, and greed, to creating wise, healthy, creative, cooperative, people, society, systems, and planet.

HOW

A safe space for healing, recovery, relationship repair, creativity, cooperation & regenerative systems design.

Visitor Orientation

1. **Like a World Fair:** You can think of the Wisocracy Univers*ty campus as a World Fair Expo site.
2. **Go Slow, Enjoy More:** It is best to take your time to experience the Fair. Don't read too much in any session. Don't feel overwhelmed or get Fair Fatigue.
3. **A Creative Booster:** We hope you will return to the campus anytime you need a boost, some healing, or a creative idea.
4. **A Map to the Future:** The structure of the Wisocracy Univers*ty Map transforms a complex web of 50+ pages into a navigable, tangible campus. This visual approach helps people who are overwhelmed and exhausted from the global polycrisis find their footing and become rested, refreshed, and renewed over time.
5. **Wisocracy Stewardship:** Visitor care is our deepest concern. You are a co-creator of Earth and humanity's future.

It takes the visitor on a journey from Management (Beige) to Self (Blue) to Technology (Gold) to Planet (Green). It honors the polycrisis by showing we cannot have a Green Earth without a Wise Person and a Wise Economy.

Sandy Hinden is a very exceptional human being, entirely devoted to a better, ideal world. I have known him for more than 30 years. He constantly inspired me for my work and efforts at the United Nations. He had ceaseless great ideas. He encouraged me to not give up. I would be so happy to see him in charge of a major newspaper section on good news and happiness for the people. He would be very precious for a major philanthropic organization, especially one dealing internationally. I would support his candidacy with the highest terms.

Dr. Robert Muller (1923-2010)

Former UN Assistant Secretary General
Cofounder, UN University for Peace, Costa Rica

Sanford Hinden is one of the most humane, compassionate, loving human beings I have ever met. He speaks and acts from deep wisdom about what people need – and what the world needs now. I trust him and have learned immensely from him.

Sandy is an inspirational actionist! He is not afraid to ask the tough questions and explore heartfelt responses to them. The ones that have to do with how we got into this mess as humanity, and what it's going to take for us to get out of it. His wealth of experience and human kindness, combined with political savvy and collaborative working style, make learning with and from him an enriching experience, and always a joy.
