Publisher's Note

Wisocracy is an independent global initiative dedicated to advancing wisdom, education, and systemic research for the survival of Earth and humanity. Our work bridges personal healing, authentic communication, wise leadership, regenerative systems, and now Root Cause Research for Earth — a new frontier of discovery. This report invites pioneers in RCA and causal science to explore how their breakthroughs can be applied at a planetary scale.

Root Cause Research for Earth:

From Healing the Self to Healing Civilization

Invitation

Wisocracy

Root Cause Research for Earth

We believe humanity is at a turning point.
For centuries, we have lived through
conquest, rivalry, and extraction.

But one path remains almost untouched:
the path of wholeness with Earth.

The forests, oceans, and skies are not just resources
— they are part of us.

Our challenge now
is to evolve our consciousness and our systems,
to live in partnership with the Earth,
rather than at her expense.

The Wisocracy Root Cause Research Network for Earth
exists to support this shift.

We gather researchers, builders, and innovators
to look beyond symptoms and confront
the deeper drivers of collapse.

Together, we can uncover root causes and co-create
solutions that align science with reverence, power with
service, and economy with ecology.

This is not utopia.
It is practical survival — and the chance to help humanity
realize the potential we have not yet lived.

Introduction

Root Cause Analysis (RCA) has become one of the most important disciplines in modern science and technology. From causal AI at IBM Instana, to Alibaba's RCAgent, Meta's Hawkeye, PyRCA's open-source ecosystem, Warwick's RCASE, ScienceLogic's Skylar, Fujitsu's predictive RCA, and other groundbreaking contributions—this work is advancing in remarkable ways. Each of these initiatives is foundational, and together they represent a new frontier of causal science.

At **Wisocracy** (pronounced *Wise-ocracy*, as in wise democracy), we are building an independent, science-and-wisdom-seeking global education and online news system. As the founder, I have been involved in global education for more than 50 years, and Wisocracy represents the next step in that journey: connecting knowledge, wisdom, and research to the survival needs of humanity.

We are now launching a **Root Cause Research Network for Earth—**
a pioneering exploratory learning collaboration dedicated to applying
RCA at planetary scale — a new frontier of discovery.

The goal is not to replicate the groundbreaking technical work already being done, but to honor and extend it: showing how these innovations in RCA and causal science can be connected to the systemic drivers of ecological collapse, economic inequality, governance failure, and the accelerating risk of civilizational breakdown.

This report outlines the progression of Wisocracy's framework—from healing the self to healing the planet—and how Root Cause Research for Earth becomes the essential Fifth Dimension.

The Progression of Wisocracy Dimensions

Wisocracy begins with four essential skills, not abstract ideals but practical tools for survival:

- **Personal Trauma Healing** restores wholeness in the individual.
- **Authentic Communication** reconnects people in trust.
- **Trauma-Healed Leadership** transforms how power is used.
- **Regenerative Systems Design** reshapes institutions and economies.

Together, these four create a lived pathway for coherence and resilience.

The Fifth Dimension – Root Cause Research for Earth

But these four dimensions alone are not enough.

The Fifth Dimension of Wisocracy is **Root Cause Research for Earth**. Only by advancing RCA itself—beyond symptom-chasing and surface reform—can we discover why our systems keep collapsing, and where the leverage points for healing and regeneration truly lie.

This is more than analysis. It is **Civilizational Survival Research**.

The Pyramid – Healing Self, Leaders, Systems, and Earth

The pyramid shows the integration:

- Healing the **self** through trauma work,
- Healing **relationships** through communication,
- Healing **leadership** through transformation of power,
- Healing **systems** through regenerative design,
- And now healing the **planet** through Root Cause Research at global scale.

RCA becomes the capstone—the discipline that prevents civilization from treating symptoms while collapse accelerates.

Wisocracy RCA Lab & Network Ecosystem

Wisocracy positions itself as a **Lab of RCA for Earth**, not competing with but honoring and connecting:

- **IBM Instana** – causal AI
- **Alibaba RCAgent** – LLM agents
- **Meta Hawkeye** – ML investigation
- **Coroot** – observability + LLM summaries
- **PyRCA** – open-source multi-model RCA
- **Warwick RCASE** – RCA in noisy data
- **ScienceLogic Skylar** – RCA with generative AI
- **Fujitsu aRCA** – predictive RCA

Inside this ecosystem, Wisocracy convenes **panels** (5 Whys, Fishbone, Pareto, Fault Tree, Causal Loops) and synthesizes insights into **Root Cause Narratives**—framing RCA as a survival discipline for civilization.

The Five Dimensions at a Glance

This graphic captures the progression of **Wisocracy's 5 Dimensions of Survival and Renewal**. The journey begins with **healing the individual** through trauma recovery, expands into **restoring trust in relationships** through authentic communication, and advances into **transforming leadership** so power is used with wisdom.

From there, Wisocracy extends into **redesigning systems** for regeneration and sustainability, culminating in the Fifth Dimension: **Root Cause Research for Earth**—a new discipline dedicated to uncovering the systemic drivers of collapse and charting survival pathways for civilization.

Together, these dimensions form a holistic pathway from the **inner self to the planet itself**, showing how personal, relational, systemic, and planetary healing are inseparable in building a sustainable future.

Invitation to Join the RCA Network

We are inviting a select group of pioneers—those who are already advancing RCA in industry, academia, and open-source communities—to join the **Wisocracy Root Cause Research Network for Earth**.

- This will be a **pioneering exploratory learning collaboration** (90 minutes) with a small group of peers.
- We will share this framework and invite reflections from participants.
- Together, we will explore how RCA can move beyond factories, networks, and IT systems to the ultimate challenge: the survival of our civilization.

This is not publicity or promotion. It is **a new frontier of discovery**, among those who understand the depth of what is at stake.

Closing

Wisocracy: An independent, science-and-wisdom-seeking global education and online news system.

Wisocracy's work helps educate the public about topics and skills they may not even know exist, yet are essential for creating a sustainable Earth and humanity.

By advancing Root Cause Research for Earth, Wisocracy hopes to connect the brilliance of RCA pioneers with the deeper needs of civilizational survival.

Together, let us find the root—so we can save the Earth. 🌍 🦉
