A Voice from the Global Wisocracy Circle

“Sanford Hinden, through his Wisocracy membership program, offers more than access to wisdom — he offers the potential for supportive relationships with wise and caring people, including himself. Beyond generously sharing his own deep insights, Sanford nurtures, nudges, and encourages members to collaboratively advance their noble life purposes with greater impact.”

We invite
others who share our purpose
to consider joining the
Wisocracy Circle.

Not for status,
but for wisdom and collaboration.

Why Wisocracy?

for

Wise Democracy

Wise People, Wise Leaders, Wise Systems

Wise Earth

Over
millions of years
humans evolved
technologically
but not in
character and
wisdom

The world is facing a tipping point
— not just environmentally,
but socially and spiritually.

**This is the moment
to gather those committed
to evolving civilization, together.**

“Almost everyone is traumatized by the daily breakdown of real community due to the hardening of the Political Spectrum silos.

Democracy devolves in such a culture, because legislatures can't solve problems and allow present administrations to succeed. That would prevent them from succeeding at creating a party flip-flop in the next election cycle.

So, they can't afford to not vote along strict party lines. This is leading to the end of legislation and problem-solving.

Yet, many people are exceedingly resistant to wisdom and improving systems. We need Wisocracy programs to help create wise people, wise leaders, wise systems, and a wise democracy to have a wise planet Earth.”
