- 2 minutes each Check in on our feelings, values, and needs
- 10 minutes Monthly topic presentation
- 30 minutes Discussion
- 10 minutes New thinking, explorations, sharing resources
- 2 minutes each Set a personal goal for the month

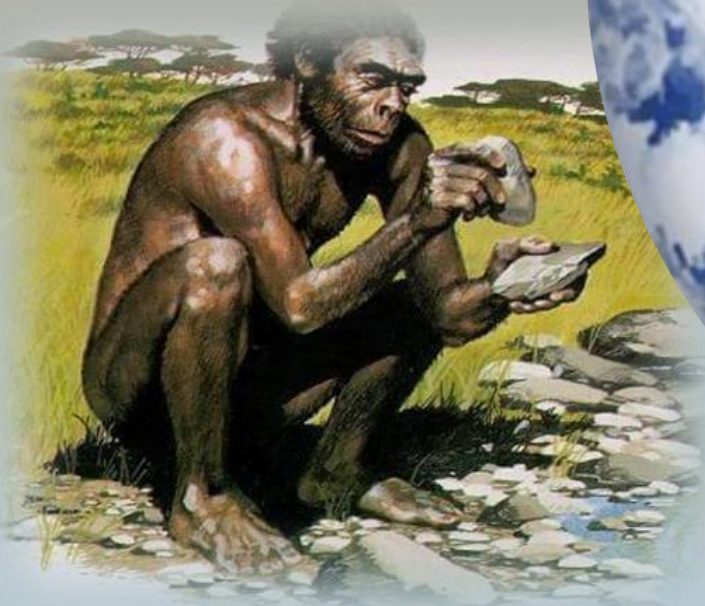

THE WISE HUMAN

- Foolish humans are destroying humanity and Earth.
- They often become obsessed with sex, beauty, money, power, weapons, status symbols, travel, food, entertainment, cars, sports, alcohol, drugs, shopping, and social media.
- We need to help humans evolve rapidly to save humanity and Earth.
- This program meets monthly to help people evolve in consciousness, character, communication, creativity, and collaboration to help people create meaningful, satisfying, helpful, healthy lives.
- We meet monthly on the first Thursday, at 12 PM ET. Wisocracy programs are free.
- Feel free to invite friends and colleagues interested in helping humanity evolve.

Over
millions of years,
humans evolved
technologically,
but not in
character and
wisdom.

THE WISE HUMAN

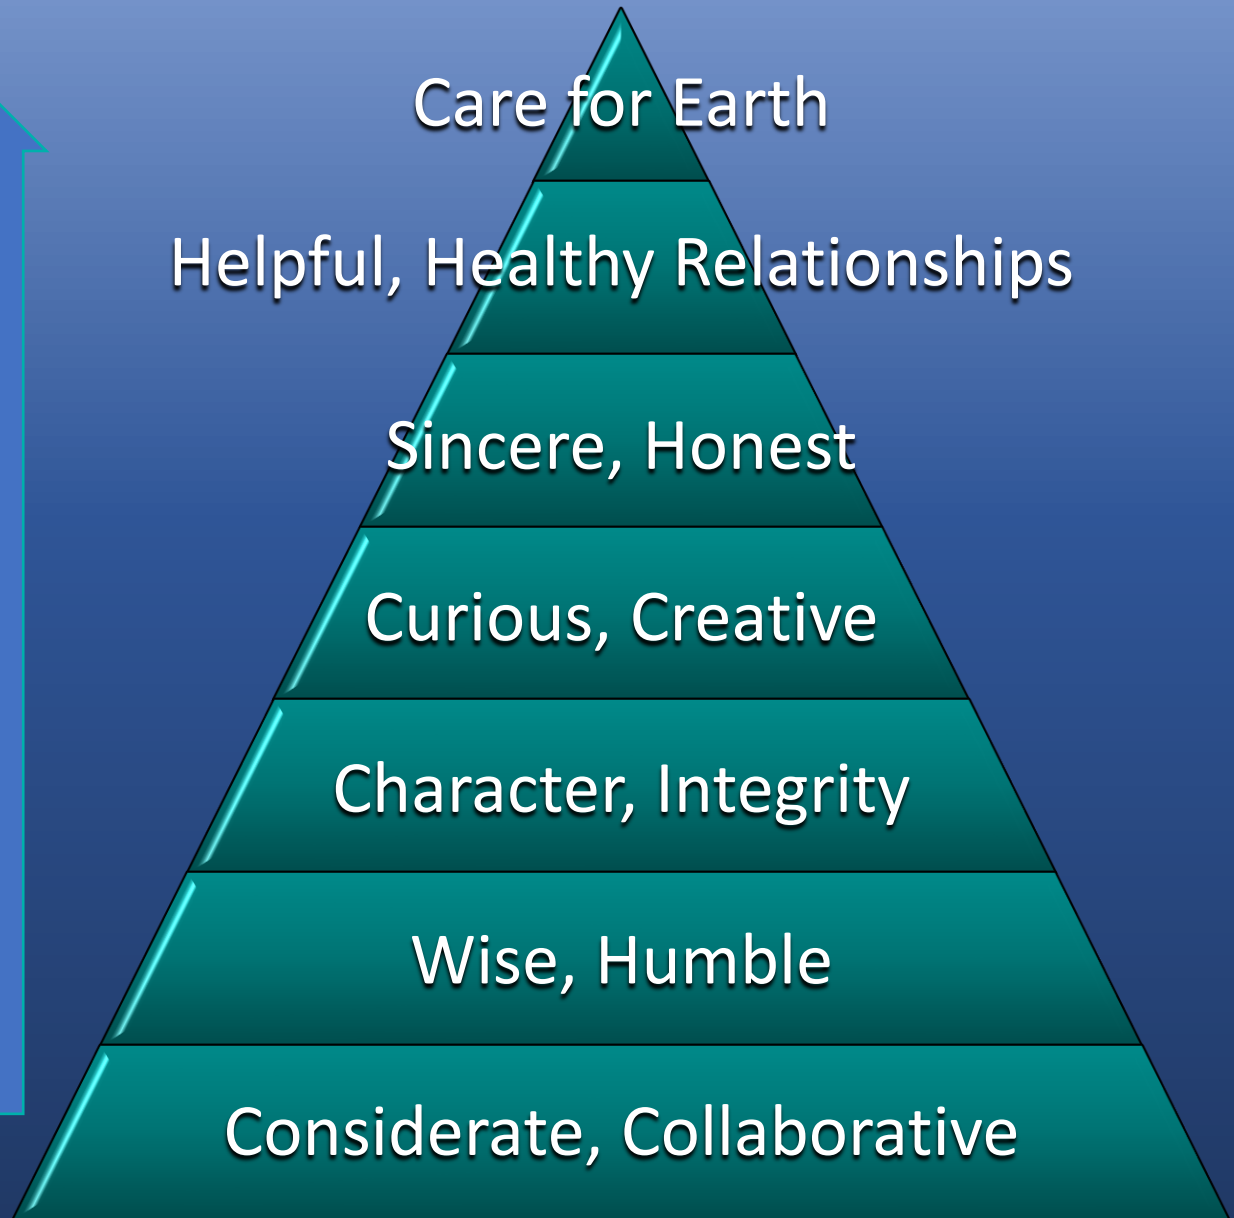

- Many people were always self-centered, selfish, and superficial but social media has amplified this.
- The world is going insane because mass media and social media are driving people crazy.
- Putin is insane. Trump is insane. Many leaders are insane.
- They keep playing this game because they can get away with it.
- People play games because they know they can get away with it.
- People are moronically following social media influencers, con artists and liars.
- People don't call each other out directly. They play polite or play politics.
- It is all insane and makes people insane.
- We need a process for maintaining our sanity in an insane world.

THE FOOLISH HUMAN

THE WISE HUMAN

G I G O

Garbage In, Garbage Out

- A saying in the data analytics field is, “garbage in, garbage out,” meaning the results are only as good as the quality of the information provided.
- Put bad data in, and you get unreliable results.
- This often leads to poor financial reporting, unreliable analyses, and wasted time and effort.
- That also means who you put in your social media diet, who you befriend, the books you read, and what you watch on TV.
- It's a diet for your brain.
- Fill yourself with one terrible news article after another and you will feel terrible.
- Surround yourself with foolish people and you will become foolish.
- Surround yourself with wise people and you will become wise.

THE WISE HUMAN

The diagram illustrates a model of human development. At the center is a teal cloud-like shape labeled 'The Wise Aspirational Self'. Inside this cloud are four circular icons: three stars at the top, a heart on the left, a meditating figure on the right, and a Sri Yantra mandala at the bottom. This cloud is contained within a larger blue oval labeled 'The Foolish Self'. The entire structure is set against a dark blue background labeled 'The Unwise Foolish Culture'.

The Wise
Aspirational Self

The Foolish Self

The Unwise Foolish Culture

You grow
what you feed...
your Wise Self or
your Foolish Self...

THE WISE HUMAN

I align with my higher values and take action on my values each day.

I notice my thinking. I calm, quiet, and clear my mind.

I ask my inner wisdom a question and quietly listen for an answer.

I ask, what habit do I want to stop, what new habit do I want?

I have self-compassion, self-kindness, and self-care each day..
