# Wise Enlightened Leadership Program

Dear Friend of Earth and Humanity,

This document is for all seeking to help Earth and Humanity. It is for future leaders and current leaders in business, government and NGOs.

This *Wise Enlighten Leadership Program* is a collaboration of [Wisocracy](#) and [Enlightened Leaders for Mutually Assured Survival](#).

The world needs YOUR Wise Enlightened Leadership.

- Global wars and conflict are proliferating along with systems for mass destruction and autonomous killing machines run by artificial intelligence.
- Global wars have destroyed climate safety progress and are absorbing the resources needed for the transition to a sustainable planet.
- Fossil fuel production is increasing, leading to +2°C by 2050, and +4°C by 2100 – an uninhabitable world.

Please share this with others who care,  
Sanford Hinden

# HOW TO CHANGE SYSTEMS

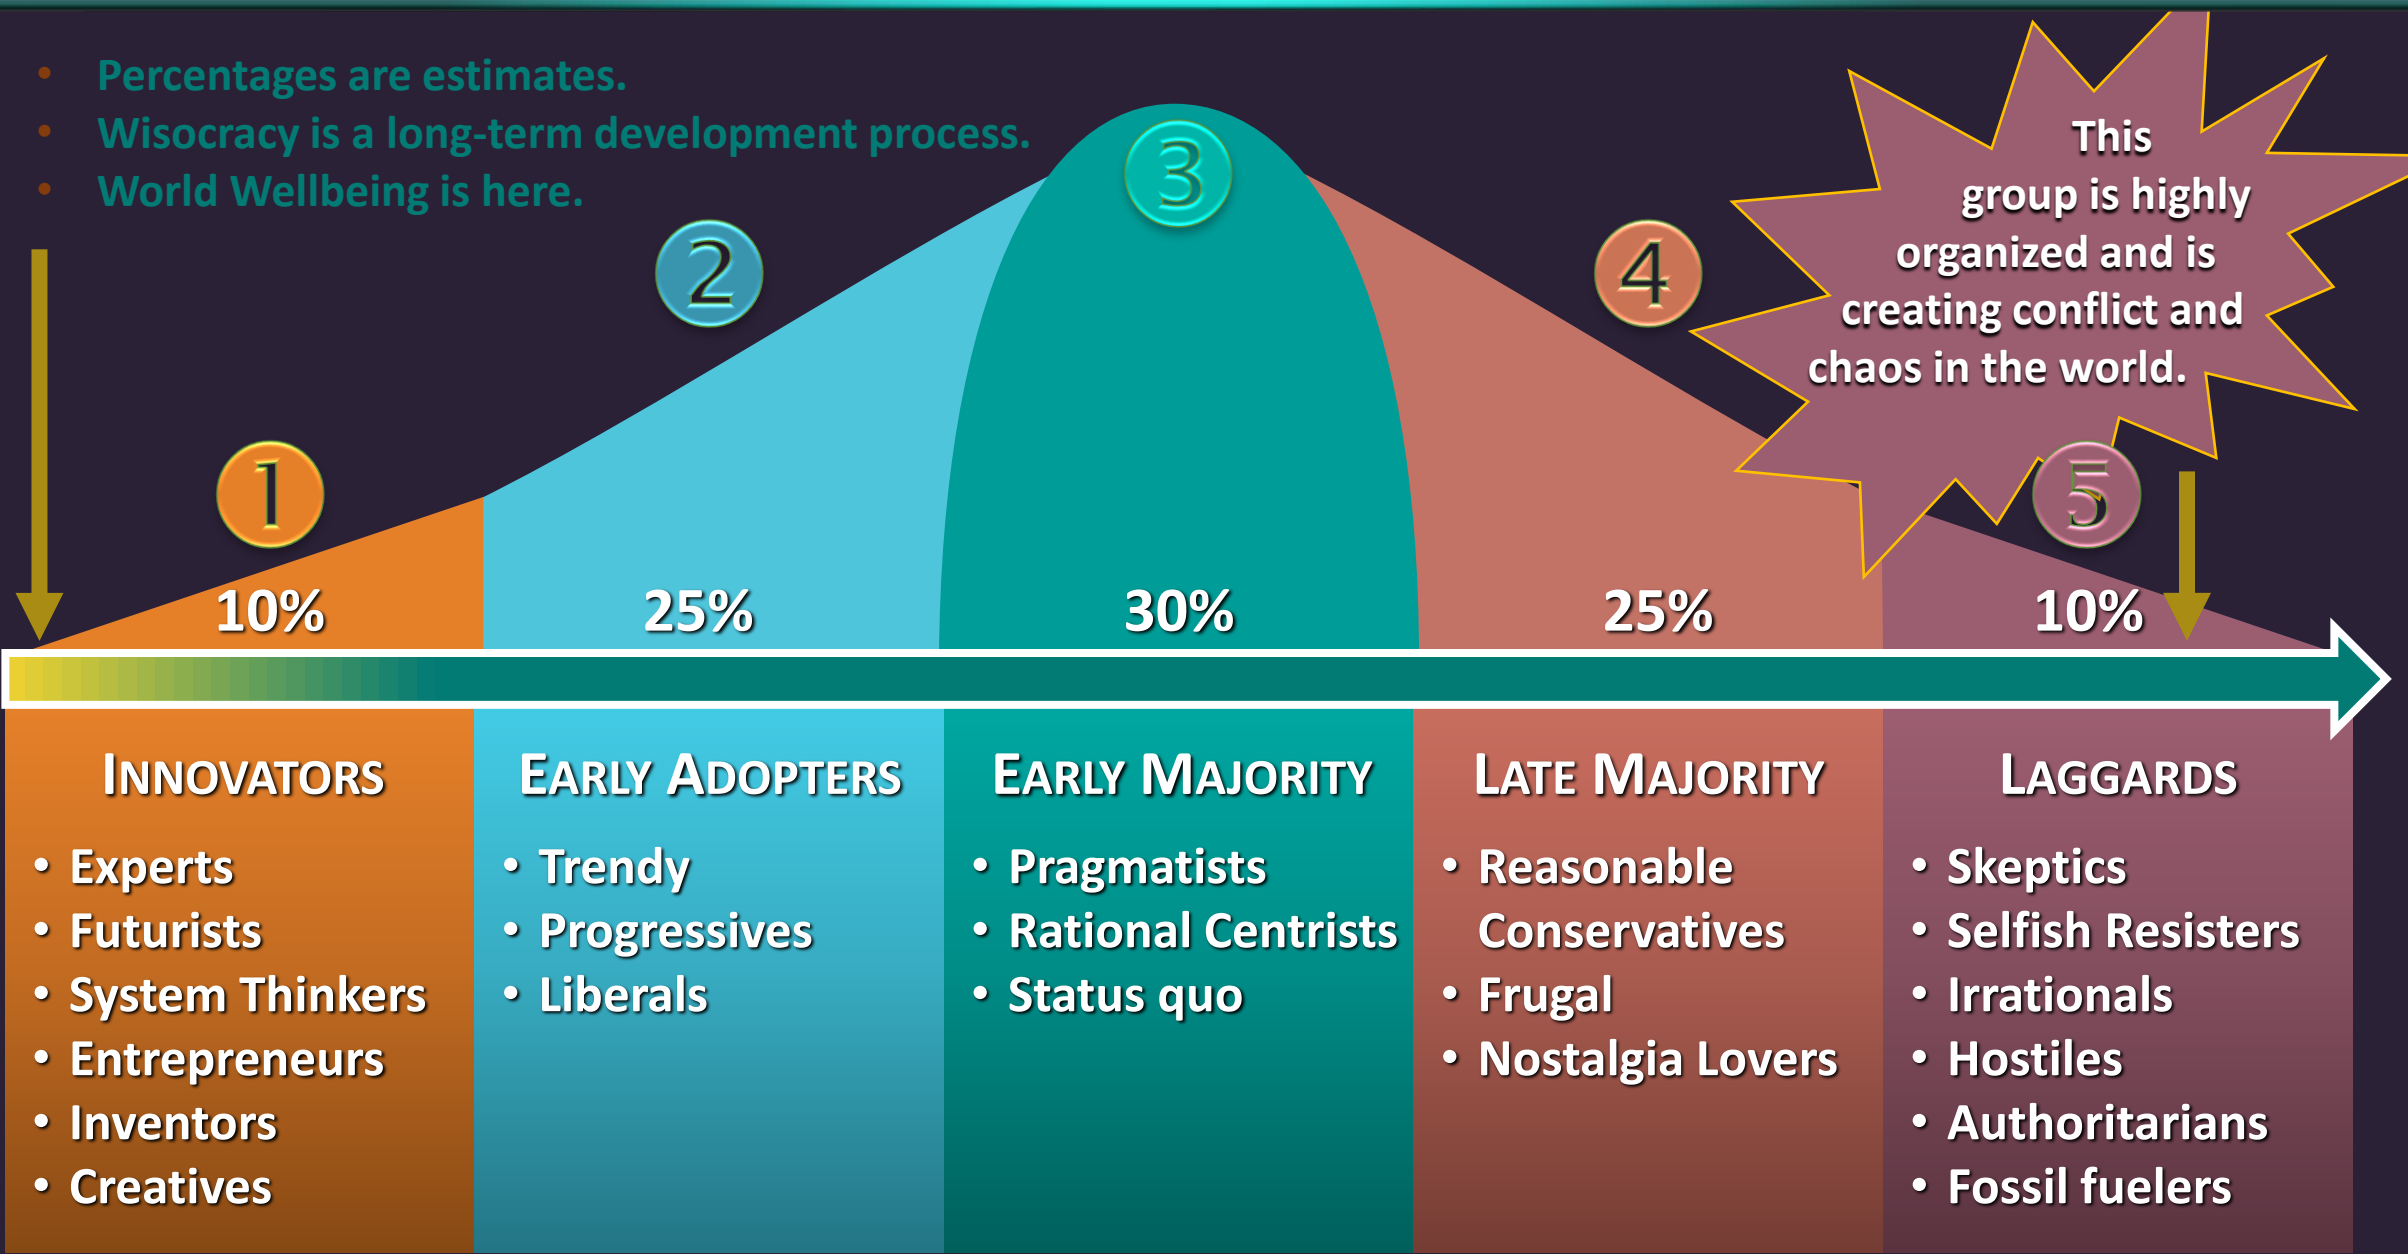

We need people who care and collaborate to solve local, national, and global problems.  
 We need to find ways to communicate it is in people's interest to support peace and nature.

<b>SURVIVING</b>	2 billion people	<b>Can't afford to care</b>	Struggling to survive	Finding water, food, shelter	Living day-to-day
<b>STRIVING</b>	2 billion people	<b>Can almost afford to care, but don't care</b>	Struggling to succeed	Finding work, transportation	Living week-to-week
<b>SUCCEEDING</b>	1 billion people	<b>Can afford to care, but don't care</b>	Average status quo	Climbing the ladder of success	Vote for who supports cheap gasoline  Fear of crime and competition, support police & military to preserve their advantages  Very high CO2 emissions
<b>ADVANTAGED</b>	1 billion people		Elite status quo	Protecting wealth and competitive  Proud of high-carbon lifestyle	
<b>CARING</b>	2 billion people	<b>Can afford to care, and do care</b>	Many NGOs, Nonprofits, Health & Human Services, Education Philanthropists	Competing for attention, positions resources, and recognition	Attend many conferences  Little to no incentives to collaborate

- World Wellbeing is here.

# What We Value Depends on What We Identify With Expanding Identification, Empathy, Compassion, Concern, Care

# WORLD PROGRESS RECOMMENDATIONS

- 1. There are probably 2 billion supporters of world change toward wellbeing.**
- 2. There are many obstructionists, authoritarians, and now fascists growing on Earth who support repression and war, and are against the environment.**
- 3. Many people are stuck in their silos and paradigms, politically obstructing each other's agendas.**
- 4. Many people continue doing what they are doing, with the system not changing.**

# WORLD PROGRESS RECOMMENDATIONS

- 5. Economic insecurity and lack of trust can lead to lower cooperation.**
- 6. People don't like to think their ideas and ways of life are wrong. They don't like to question their thinking, perspective, and lifestyle.**
- 7. People in the middle, the status quo, the majority, are often not interested in doing what needs to be done to create the system change that is needed.**
- 8. Many are decent, locally-focused, business-oriented people. Some care deeply about the whole world.**

# WORLD PROGRESS RECOMMENDATIONS

- 9. They may react defensively to information about the need to evolve a better economic system.**
- 10. We need to reach status quo organizations, show them a better way of living, enlarge their awareness, and create a shift in consciousness.**
- 11. We need to accelerate change.**
- 12. We need to help humans evolve to then reach goals for peace and nature.**

- 13.** We need to develop smart electric systems, renewable energy, mass transportation, and end fossil fuel use.
- 14.** We can support *Divestment from Weapons, War, and Carbon Fuel*, and at the same time *Investment in Human, Social, and Earth Wellbeing* – a peaceful, green, sharing, and caring economy.

He constantly inspired me for my work and efforts at the United Nations. He had ceaseless great ideas. He encouraged me to not give up. I would be so happy see him in charge of a major newspaper section on good news and happiness for the people. He would be very precious for a major philanthropic organization, especially one dealing internationally. I would support his candidacy with the highest terms.**
