Exploring
How AI Can Help Us Bring More
Serenity, Peace, Compassion, Kindness & Wisdom
to Our World

Wisocracy World AI Club

Dear Friend for A Better World,

I am inviting you to join our monthly conversation where we use AI to explore how to bring more serenity, peace, compassion, kindness, and wisdom to our world.

Each month, we each ask AI a question on how to improve our world. We then bring the answers to our monthly Zoom meeting where we have a good time sharing our findings.

You can [contact me here](#) for the Zoom link.

Have a good month and see you soon,

Sandy Hinden
