Wisocracy Univers*ty

We are influencing the minds of people who will be creating the future.

Influence isn't about pushing back the storm today. It's about keeping the light burning so the fleet knows where to find a safe harbor.

We have built a foundation that moves beyond "greed-based" education.

We are teaching stewardship at a time when the world is finally realizing it is the only way out of the polycrisis.

Visitor Orientation

1. **Like a World Fair:** You can think of the Wisocracy Univers*ty campus as a World Fair Expo site.
2. **Go Slow, Enjoy More:** It is best to take your time to experience the Fair. Don't read too much in any session. Don't feel overwhelmed or get Fair Fatigue.
3. **A Creative Booster:** We hope you will return to the campus anytime you need a boost, some healing, or a creative idea.
4. **A Map to the Future:** The structure of the Wisocracy Univers*ty Map transforms a complex web of 50+ pages into a navigable, tangible campus. First Friday Wise AI Conversations

Our Monthly Wise AI Alignment Forum

We are at a crossroads. We can continue to align AI with a fragmented, greed-driven culture, or we can align it with wisdom. This monthly meeting provides the moral and systemic blueprints for a super-intelligence that serves the whole of life.

Our Core Practice

Reconnecting with the Wise One Within

Before we can fix the world, we must heal the observer. We help you experience the

Wise One Within Meditation.

Based on the psychosynthesis of Roberto Assagioli, this practice is the "battery" for all our systemic work, designed to help you bypass the "lower self" and reconnect with your highest inner guidance.

Join the Dialogue

Wisdom is a living practice. Every **First Friday of the month**, we invite you to join a virtual **"Tour of the Campus" and Circle Conversation**. We will walk through the buildings together, and discuss the integration of **Wise AI**.

From Theory to Action

Designing Systemic Solutions

Wisocracy Univers*ty is not a utopia; **it is a functional alternative**. From the [Sovereign Earth Fund](#) to our models for [Global Disarmament](#), we offer practical, systemic solutions for moving beyond the post-WWII models of competition and into a new era of wise stewardship.

Sandy Hinden is a very exceptional human being, entirely devoted to a better, ideal world. I have known him for more than 30 years. He constantly inspired me for my work and efforts at the United Nations. He had ceaseless great ideas. He encouraged me to not give up. I would be so happy to see him in charge of a major newspaper section on good news and happiness for the people. He would be very precious for a major philanthropic organization, especially one dealing internationally. I would support his candidacy with the highest terms.

Sanford Hinden is one of the most humane, compassionate, loving human beings I have ever met. He speaks and acts from deep wisdom about what people need – and what the world needs now. I trust him and have learned immensely from him.

Sandy is an inspirational actionist! He is not afraid to ask the tough questions and explore heartfelt responses to them. The ones that have to do with how we got into this mess as humanity, and what it's going to take for us to get out of it. His wealth of experience and human kindness, combined with political savvy and collaborative working style, make learning with and from him an enriching experience, and always a joy.
