# Gyroplane Models & Engine Options US Price List

Each Aviomania gyroplane kit is delivered with a full set of essential pilot instruments, a build manual and the full technical support of our engineering team during the build process. Additional equipment or custom configurations not listed below are available upon request.

## Included in Every Aviomania Gyroplane

Each aircraft comes equipped with a prerotator, high-performance 3-blade propeller, suspension landing gear, bonded aluminum rotor blades, electric starter, rotor brake, hydraulic brakes and wheel covers.

The standard instrument package includes an altimeter, airspeed indicator (ASI), compass or VSI, engine and rotor RPM gauges, water and exhaust gas temperature gauges, fuel gauge, hour meter, 12V power outlet, and strobe and landing lights.

*All models feature ATD and CLT systems as standard — engineered stability, no pilot compensation required.*

## Build Kit with Rotax Engine

| Model | 582 | 912UL | 912ULS | 912iS | 914UL | 915iS | 916iS |
|---|---|---|---|---|---|---|---|
| **G1sB "Genesis CE"** | $37,000 | $50,000 | $54,000 | $58,000 | $73,000 | N/A | N/A |
| **G1sE-2 "Genesis Sport"** | $43,000 | $57,000 | $60,000 | $64,000 | $78,000 | N/A | N/A |
| **G2sA-3 "Genesis Duo"** | N/A | N/A | $71,000 | $75,000 | $89,000 | $98,000 | $105,000 |

Owners of Rotax engines may qualify for a kit-only option—reach out to see if yours fits.

**G1sB "Genesis CE"**

**G2sA-3 "Genesis Duo"**

**G1sE-2 "Genesis Sport" Summer Canopy**

**G1sE-2 "Genesis Sport" Closed Canopy**

Builder Assist Single $2000.00
Builder Assist Tandem $3000.00
