Bio:

My name is Alexis Parson. I have played softball for 12 years. I previously played for Tennessee Elite. My career goal is to become a medical doctor. Outside of softball, I volunteer for the freshman baseball team at Union Grove High School. I am also on the varsity basketball team at Union Grove as well. My current weighted GPA is a 4.5 with honors level classes. My softball goal is to play at the next level, so that I can continue to play the sport I love.
