On FieldLevel

My name is Braysen McKay and I have played baseball since I was 3 ½ and travel ball since I was 8 years old. I have previously played for Archer Tigers under coach Gerard Pope, Apalachee High School feeder team under Coach Luke Martin and currently playing for SE Elite Baseball for Adam Brandenburg. My career goal is to be a marine biologist. I attended the Center for Innovative Teaching (CFIT) from 5th-7th grade whose mission statement was "ensuring an exceptional education that leads each student to become a high achieving and responsible citizen". I am currently in 8th grade and attend Barrow Arts and Sciences Academy (BASA) for high school. I have been involved in 4H where I have won 1st place in the Junior Cloverleaf District Meet and I have been in Junior Beta Club. I have also played football, soccer, and basketball but my true passion is baseball. My baseball goal is to continue to play at the next level.

My School Interest include:

University of Georgia
Vanderbilt
