My name is Bryson Polk. I have played baseball since I was 4 years old but have played competitively for the past 6 years. I am currently playing for the 15U Southeast Elite Baseball organization. I used to play for Team Elite and Apalachee Lions. My career goal is to become a Marine Biologist or Veterinarian due to my love for animals. I am currently involved in agriculture at my school. I have also made the merit role every year in middle school and continue to strive for excellence in high school as an upcoming freshman. When I am not playing baseball, I enjoy spending time with family and friends. I also enjoy working with my dad during the summer months to earn my own money. I also enjoy playing other sports such as basketball and swimming. My baseball goal is to play at the next level so I can continue playing the sport I love.

Baseball highlights:

Pitched a perfect game in 2019 Perfect Game Tournament to include 15 strikeouts

Schools interests include:

Vanderbilt

Texas

Alabama

LSU

Tennessee

UGA
