Bio:

My name is Gabbi Espy. I have played softball for 6 years. I would love to have a college degree however I'm undecided on my career goal at this time. I am involved in the FCA club at my high school. My current GPA is a 3.6 with advanced classes. I have also played flag football at my school. My softball goal is to play at the next level so I can continue to play the game I love throughout college.
