Hello, my name is Kyla. I have played softball since I was four. I currently play for SE Elite 07 brandenburg. In the future I have hopes of having a career in being a college coach and or specialized in sports medicine. In school I am involved in the leadership program where we help special needs students with their day to day school activities. During my free time in enjoy baby sitting. Spending time with my family is the most important thing to me I have one older sister

and a twin sister. We are more of best friends then sisters. My current gpa is a 3.5. My softball goal is to play at collage level and hopefully beyond until I'm no longer able to play.

Accolades

Slugger award 2018

My school interests include
