Hello, my name is McKenna. I have played softball since I was eight. I just finished my third season on Buford Middle School Platinum team and currently play for SE Elite 07 Brandenburg for travel ball. In the future, I have hopes of being an anesthesiologist or a doctor that specializes in travel medicine. During my free time I enjoy traveling as well as outdoor activities. Spending time with my family is the most important thing to me, I have one older brother. My brother is like my best friend. My current gpa is a 4.0. My softball goal is to play at the college level and hopefully beyond until I'm no longer able to play.

My school interests include:

Kennesaw State

FAMU

University of Oklahoma

The University of Miami

Florida State

JMU
