Bio:

My name is Taylor Monroe. I have played softball for 13 years. I have previously played for GA Thunderbolts and Batbusters. My career goal is to become a lawyer, specifically a district attorney. I am involved with numerous clubs in my school, but I spend most of my time helping with our Key Club. I often volunteer with this organization because it is an easy but impactful way to help people. I have volunteered with the Muscular Dystrophy Association. I also tutor with Mathnasium as my job. I work with students K-12 develop their math skills, no matter how much prior knowledge they have or do not have. This position allowed me to gain leadership skills as I work with students older and younger than me and have to gain their trust while also giving them a firm foundation. I have worked there for a little over 6 months now. During my off weekends from softball and during the summer, I enjoy babysitting to earn extra money. My current GPA is a 3.8 with accelerated classes and AP classes. I also play track and I am the baseball manager for our school team.

Accolades:

- High honors freshman year (4.0 GPA or higher)
- Inducted in Beta Club Sophomore year (3.6 GPA or higher)

School Interests:

- UGA
- Coastal Carolina
- Mississippi State
- Mississippi
