

PARTNERING TO NURTURE HEALTHIER FUTURES

At KAFA Healthcare, we believe that a child's physical, emotional, and mental health forms the foundation of their success.

As your healthcare partner, we provide professional, compassionate, and timely care – right from the pre-primary stage to teenage years.

WHY SCHOOL HEALTHCARE MATTERS TODAY

- *Children spend 6–8 hours/day in school*

- *Rise in childhood obesity, anxiety, screen addiction*

- *Early detection of vision, hearing, dental, and postural problems*

- *Need for trained emergency response on campus*

What We Offer – Comprehensive Services

On-Campus Medical Room Management

- *Trained nurse/attendant present daily during school hours*

- *Equipped for basic first aid and minor illnesses*

- *Incident & health record maintenance*

Annual Health Check-ups

- *Physical, dental, vision, BMI, hearing screenings*

- *Individual digital health reports for parents*

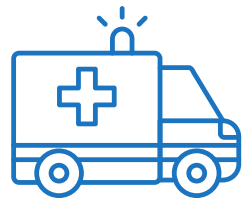

- *Follow-up guidance from doctors if needed*

What We Offer – Comprehensive Services

On-Campus Medical Room Management

- *CPR-trained staff*

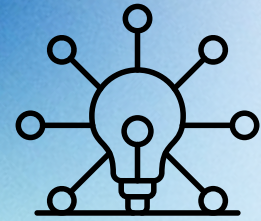

- *Ambulance coordination*

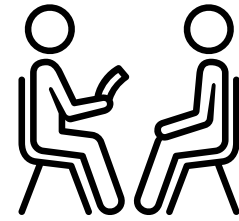

- *Allergy & seizure management*

Add-On Value Services

HEALTH EDUCATION & AWARENESS WORKSHOPS

- 3–8 yrs: Hygiene habits, hand-washing, nutrition
- 9–13 yrs: Puberty, growing up, body positivity
- 13–16 yrs: Mental health, peer pressure, digital detox, exam stress

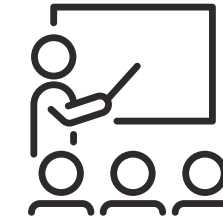

EMOTIONAL WELLNESS & COUNSELLING

- Monthly mental health check-ins
- Access to certified child psychologist (optional)
- One-on-one sessions (parent-approved)

VACCINATION DRIVES

- Flu, Typhoid, HPV, and more (with consent)
- Safe, hygienic administration on campus

TEACHER & STAFF TRAINING

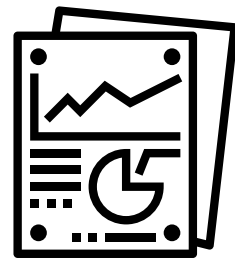

- Pediatric first-aid workshops (CPR, bleeding, choking)
- Child abuse awareness and response training

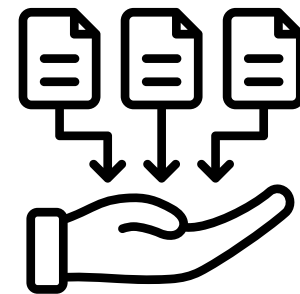

HYGIENE AUDITS & INFECTION CONTROL

- Monthly campus hygiene report cards
- Suggestions for improvement

Digital Reports & Dashboard Access

Health report cards for each student.

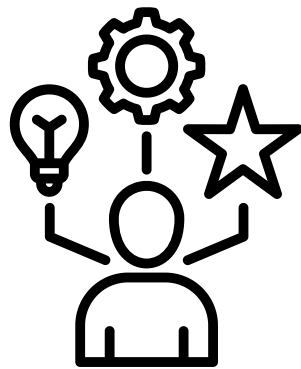

Anonymized data insights for school leadership:

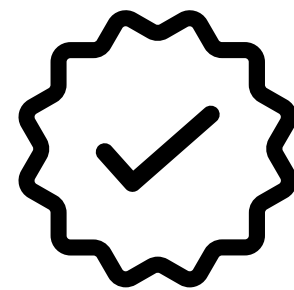

- % of students with vision issues
- % with BMI imbalance, etc.

With the access of health data of each student, the management can have control over possible future outcomes, keep parents informed and care for the child beyond academic concerns.

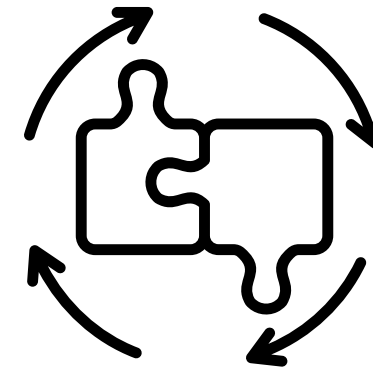

Why Partner with KAFA Healthcare?

Decade-long
experience in
clinical &
corporate
healthcare.

Trained, verified
medical staff
with pediatric
experience.

Seamless
reporting &
parent
communication.

Preventive,
not reactive,
approach to
child
wellness.

*Let's work together to make student wellness a priority –
because a healthy child is a confident learner and
a school's greatest strength.*

THANK YOU!
