ANNUAL MEETINGS

The Board of Directors of the Arkansas State Horse Show Association shall hold a meeting in October to elect a Chairman and Vice Chairman. The officers' terms shall run from October to October. Proposed rule changes for the following year will be brought up at the October meeting and will be voted on at the January meeting and all rule changes regarding events will be finalized in the February meeting. Other meetings may be scheduled by the Chairman as deemed necessary in order to finalize plans for the State Show etc.

If 75% of the Board of Directors feels the Chairman is not functioning, a meeting can be called by the Board to question the Chairman or to elect a new Chairman.

MEMBERSHIP

Membership shall consist of approved associations in the State of Arkansas.

Annual dues are \$100 per association or as otherwise passed by the Board of Directors and are payable at the first state meeting in January of each year. These dues will be used as a starter fund in making preparations for the State Show and will be refunded to each association at the end of the year when proceeds from the State Show are distributed.

Association sponsorship fees are \$300 and are payable by June 15 to State Horse Show Secretary or Treasurer.

Minimum guidelines for accepting new associations into the Arkansas State Horse Show Association are as follows:

1. Must hold a minimum of six (6) shows during the season.
2. Must have at least one full season behind them as an association when applying for membership.
3. Must submit a report showing the association is financially solvent from shows during the past season(s): this will be determined by the Board.
4. Must have an average of at least 200 entries per show.
5. Must offer at least 75% of the events on the State Show program and must agree to have as many of the remaining State Show events as possible.

8. Any new associations coming into the State Association will be on five years' probation with a Board review to see if it is meeting qualifications every year on an annual basis.

AGE DIVISIONS

Pee Wee- 0 – 10 Years
Buckaroo- 11 years – 13 years
Junior- 14 years – 18 years
Senior- 19 years and older
Open – All ages

Riders must ride in only **ONE** age division when there are specific classes limited to their age division, i.e. Junior Poles, Buckaroo Poles, etc. Once you move up in age division you cannot move back down to previous age division in the current year regardless the size of the horse.

The age of an individual on January 1 of that year shall be maintained throughout the entire year.

Riders in the Pee-Wee, Buckaroo and Junior age groups will not be allowed to show a stallion in judged events with the exception of Junior Reining and Horsemanship. (Classes whereas one horse is in the area.) Riders will be allowed to ride a stallion in speed events.

ENTRIES/ENTRY FEES/STALL MONEY

The entry fee shall be voted on by the Board.

Each association may enter its **TOP FIVE** riders in each class. **EXCEPTION: BARREL PICKUP.** (In some associations the situation arises where a contestant will end up in the top five as both a rider and jump man. Should this happen a choice will have to be made by the contestant as he or she may enter **ONLY ONE TIME** in the class; he or she may enter as a rider or a jump man but not as both.)

Contestants must represent only **ONE** association for all events at the State Horse Show.

All contestants must ride in 50% of their association shows in order to be eligible to compete in the State Show.

An association may not borrow riders from other associations in order to fill its classes.

Beginning the 2012 State Horse Show a Lottery Draw was initiated that will allow associations with empty slots on their entry forms to fill those slots with riders from other associations. The rules to fill these slots are as follows.

- To be eligible for the lottery draw you must have shown in 50% of the shows at your association, in the class you want to enter. This must be verifiable by show class sheets.
- There is no limit to additional riders each association is eligible to send for each class.
- Associations will pay for all classes as usual if open spots for your association are filled your association will be reimbursed for those spots.

ENTRIES/ENTRY FEES/STALL MONEY (continued)

- Lottery picks will not count toward association high point or individual high point. Lottery entries placings in a class will be announced as representing their own association.
- Lottery draw will follow the show schedule and association drawing will follow the working order for the current state show year.
- Move paper work deadline up one week.
- Send lottery names and stall information in at same time as regular rider's information.
- Payback money will be given back at State Show.
- Once your Lottery Pick is drawn your association must pay for that pick. If you do not, your association will not receive any payback money for the open spot filled for your association.

Each association president is responsible for verifying that entries are correct and sent to the State Secretary by the designated deadline. No changes on the entry sheets for Friday, Saturday, Sunday, and Monday will be accepted after the show begins on those days. Scratches can be made any time.

Each association must pay for five (5) places in each event whether or not there are 5 entries.

Each association is responsible for paying for assigned stalls at the fee set by the Board.

All entry fees and stall money are due in advance and must be included with entries when sent to State Secretary.

Each person entered in the State Show must sign a Consent Waiver and Release form. This form must accompany the entry sheets sent to State Secretary.

TROPHIES AND AWARDS

Ten places in each class are to be awarded if applicable. Trophies will be approved by the Arkansas State Horse Show Association at the beginning of each show year.

ASSOCIATION HIGH POINT

The association high point was discontinued for the 2020 show season. Each association will provide a picture of its membership for placement each year in the Program Book.

INDIVIDUAL HIGH POINT

High point awards will be given to the high point Pee Wee, Buckaroo, Junior and Senior riders scoring the highest number of points at the State Show.

The Secretary shall total the points earned in each class and the winner will be announced at the end of the State Show.

All mandatory classes will be considered in the computation of points. Any optional events added by the Board are not to be considered in this total. Barrel Pickup will be considered as one class.

If given, the following rules will apply:

1. All contestants must compete in more than one event at the state level.
2. Pee Wee high point will be calculated on children 10 years and under, excluding lead line class.
3. Highest number of points in at least two classes will determine the winner.
4. In case of a tie the contestant will be declared a winner who (a) earned the most points in the greatest number of events (b) had more firsts, seconds, thirds, fourths, fifths, etc. (c) earned the most points over the greatest number of other competitors.

JUDGES

The point system will be utilized by the judges in all judged events with the exception of gaited classes.

5. The Board of Directors will deal with the violation according to the severity of the situation.
6. Any person wishing to appear before the ASHSA Board of Directors to appeal a disciplinary action taken against them under the Sportsmanship Rules must post a \$250.00 cash bond to the Board prior to appearing. This bond will be refunded if the board rules in favor of the appellant.

If the contestant is the last rider in the event when the timer fails, they will be given 5 minutes to rest their horse.

If a rider makes a qualified run in any speed event and the Timer fails to work properly, the rider must make a bona-fide attempt in the re-ride and will receive a time even though an automatic disqualification would normally apply. Note: Deliberate and intentional disqualifications to achieve a fast time will not be tolerated and the decision of the judge will be final.

ANNOUNCER'S STAND

No one will be permitted upstairs in the announcer's stand unless he/she is wearing a Show Official's badge or has the verbal permission of the Chairman, Vice Chairman, or Secretary. The new 2011 AQHA rules about prohibited equipment to be used with running horse will not be adopted for the Arkansas State Horse Show.

1. The electric timers will be in operation at all times during speed events. The second clock will be read only in case of malfunction of the first timer.
2. If a rider makes a qualified run and the timers fail to work properly, the rider must make a bona-fide attempt in the re-ride and will receive a time even though his/her new run would cause him/her to get a no time (i.e. barrel or pole knocked down or flag missed).
3. Deliberately attempting to break the beam of the clock in any timed event is considered to be unsportsmanlike and will be dealt with accordingly. Use of tack, equipment, etc., to break the beam to obtain a faster time will be considered unsportsmanlike and will result in an unqualified run.

Horse and rider may enter from either side as long as pattern is not broken and exit is made between two front barrels. No barrel shall be placed closer than 15 feet from the fence. Knocking over a barrel will result in a disqualification. Touching of the barrel by the rider is permissible. If a rider makes a qualified run in this event and the timer fails to work properly, the rider must make a bona-fide attempt in the re-ride and will still receive a time even though a barrel is knocked down. Note: Deliberate and intentional knocking down of a barrel in order to receive a faster time will not be tolerated and the decision of the judge will be final. For a re-ride time due to timer failure: See **TIMER FAILURE** section in rulebook.

AQHA rules will apply except concerning wearing apparel of the riders and assistance into the arena. The pole bending pattern is to be run around six (6) poles. Each pole is to be twenty-one (21) feet apart and first pole is to be at least (21) feet from starting line with the last pole at least (20) feet from the fence. Failure to follow the pattern shall cause disqualification. Touching of a pole by the rider is permitted and will not result in a disqualification. If a pole is knocked over, the rider will be disqualified.

If a rider makes a qualified run in this event and the timer fails to work properly, the rider must make a bona-fide attempt in the re-ride and will still receive a time even though a pole is knocked down. Note: Deliberate and intentional knocking over of a pole in order to receive a faster time will not be tolerated and the decision of the judge will be final. For a re-ride time due to timer failure, see **TIMER FAILURE** section in rule book.

FLAG RACE

Horse and rider may enter from either side as long as pattern is not broken. (See diagram) Flags will be 18" in length with 8" X 9" cloth. A 1 inch dowel must be used as the flag handle. Flag may be used as a quirt. Flag is to be marked 3" from bottom as a guideline for placement in bucket. The flag shall be placed on the side of the bucket, closest to the inside of the area.

Buckets will be plastic of any color. Two (2) five (5) gallon size buckets filled to three (3) inches from the top of the bucket will be used. The three (3) inches will be marked with a line. Masonry sand is to be used. The bucket must be placed on the in-ward side of the barrel. The barrel holding the bucket will be placed 30 feet from the timer. The end barrel will be 126 feet from the timer. The sand in the buckets will be poured into new buckets between drags. If sand is lost, new sand can be added at the discretion of the Chairman.

Upon completion of the ride, barrels and buckets must be standing upright. Flag must be in sand first inside bucket, not from outside in. If any barrel or bucket is knocked over, the rider will be disqualified.

If a rider makes a qualified run in this event and the timer fails to work properly, the rider must make a bona-fide attempt in the re-ride and will still receive a time even though the rider fails to stick the flag. Note: Deliberate and intentional illegal procedures executed in order to receive a faster time will not be tolerated and the decision of the judge will be final. For a re-ride time due to timer failure, see TIMER FAILURE section in rule book. End barrel must be set in same position as for barrel race.

Barrels may be moved back and forth a certain distance to alleviate area around barrels to prevent them from becoming dug out or dangerous.

SPEED RACE

Horse and rider may enter from either side as long as pattern is not broken. See Diagram Below.

Rider will be disqualified if barrel is knocked over during run.

If a rider makes a qualified run in this event and the timer fails to work properly, the rider must make a bona-fide attempt in the re-ride and will still receive a time. Note: Deliberate and intentional illegal procedures executed in order to receive a faster time will not be tolerated and the decision of the judge will be final.

For a re-ride time due to timer failure, see TIMER FAILURE section in rule book.

KEYHOLE RACE

Keyhole shall consist of a 12 foot circle with a 10 foot long by 5 foot wide throat (10 ft. X 5 ft.) See diagram Keyhole Race in rule book.

Horse may enter pattern with a flying start. This is a timed event. Keyhole used will be outlined in white line. Horse will follow directions as indicated in diagram.

Horse must turn in circle-not in throat or approach circle.

If a horse steps on or over a line, it will be disqualified and no time will be given in the ride.

Judge must stand behind the keyhole or to the side at a safe distance.

In the event of malfunction of the timer, the rider must run again making a bona-fide attempt in the re-ride to receive a time. Note: Deliberate and intentional illegal procedures executed in order to receive a faster time will not be tolerated and the decision of the judge will be final.

For a re-ride time due to timer failure, see TIMER FAILURE section in rule book.

BARREL PICKUP

A contestant may enter only one time in the class, either as a rider or as a jump man but not as both.

This race is to be run with a barrel at the opposite end of the arena at least 20 feet from the fence and the rider may ride to the right or left circling the barrel.

For safety of riders in the class the barrel is to be moved ten feet if necessary and this decision is left to the discretion of the Chairman. The starting line should be at least 20 feet inside the arena.

The jump man must mount from the barrel and must be astraddle of the horse at the finish line.

Persons being picked up must mount unassisted. Use of rider's hands at any time during the ride is not allowed and will result in a disqualification. If the jump man touches the ground, it will be a disqualification and he/she must exit the arena by foot. If rider circles around the barrel while trying to pick up jumper it will be a disqualification.

One judge will be on the ground in back of the barrel so as to have a better view of the jump and the other judge will be in the announcer's stand.

In the event of malfunction of the timer, the rider must run again making a bona-fide attempt in the re-ride to receive a time. Note: Deliberate and intentional illegal procedures executed in order to receive a faster time will not be tolerated and the decision of the judge will be final. For a re-ride time due to timer failure, see TIMER FAILURE section in rule book.

PONY CLASSES

Ponies are to be 52 inches and under. Each association president is to ensure each pony is within size limit before sending entries to state. Ponies will be measured on a flat surface as designated by the board. All ponies will be measured on the same surface with the same measuring device which shall leave a vertical and horizontal bubble level. All ponies shall be measured while standing squared up and shall not be measured in any other position. Any pony failing to measure 52" or under will be disqualified and marked and will not be allowed to compete in any pony events during the State Show. Ponies will not be re-measured if they are disqualified.

The rider must be ten (10) and under. Rider over 10 may ride a pony in their age division.

Participants who ride in Pony Barrels and Pony Poles cannot ride in Buckaroo Barrels and Buckaroo Poles. Rules for each class will be the same as those for regular barrels and poles.

MEN'S & LADIES' GAITED

These two classes will follow the following rules.

The State Board has elected to use rules 6A & B (Show Pleasure. See pages 37-39 of this rule book.) rules from S.H.O.W. with the following exceptions.

1. This class will be open to all gaited horse breeds.
2. Braids are optional for this class.
3. Shoeing of the horse is allowed, as permitted by the HPA and S.H.O.W regulations.
4. A rest period not to exceed 10 minutes will be allowed for the last work off.
5. Horse is to be shown at a walk and favorite gait. Horse will enter the arena at a walk.
6. English or western equipment may be used. One or both hands may be used on the reins.
7. The class will be judged on the performance and conformation of the horse at the discretion of the judge.
8. The wearing of hats is optional for the ladies; the wearing of hats is mandatory for men.
9. Gaited horses will not be asked to back.
10. Beginning the 2005 State Show a DQP will be used to check all gaited horses prior to being shown in their class.
11. Bits with shanks in excess of 9 ½ " in length are prohibited. Shanks are measured from the very top of the metal to the very bottom of the metal including the rings to which the cheeks and reins are attached. (See bit in diagram on page)
12. A show farrier will be designated and be at the arena entry to deal with any thrown shoes. Time outs will be governed by S.H.O.W. rule. F-10 (S.H.O.W. rule book Judge's section)
13. **Required Gaits for Gaited Pleasure:**
 - a. **Flat Walk (Walk):** The flat walk should be bold and four-cornered with an evenly timed (1-2-3-4) beat. In the flat walk the horse should break at the knees, reaching and pulling with the front legs with that movement originating from the shoulder. The horse should have impulsion and exhibit stride and drive with the hind legs. There should be no wringing or twisting of the hocks, not any excessive hock action. Over stride is important but should be in accord with the conformation and length of the back and legs of the horse.

A horse with a good flat walk will naturally have a straight, up and down head motion timed with the overall rhythm of the walk.

- b. **Running Walk (Favorite Gait):** The running walk has the same beat or evenly timed footfall (1-2-3-4) as the flat walk but is much smoother with greater stride, rhythm, and natural motion. The increased rear leg stride and increased reach in the shoulder create this smoother ride and propel the horse at a faster speed without changing the cadence of the leg motion. As with the flat walk, the horse will naturally have a straight up and down vertical head motion timed with the overall rhythm of the running walk. A correctly performed running walk is truly a gait of ease, producing a clearly heard and easily counted 4-beat tempo.

14. S.H.O.W. rule 3-D (General Requirements and Equipment for Horses) will apply, except rule 5; **no communication devices may be used.**

SLOW GAITED PLEASURE

As of the 2013 show season Slow Gaited will be broken into two classes. There will be a Lite Shod Slow Gaited class and a Heavy Shod Slow Gaited class.

For the Lite Shod Slow Gaited class the S.H.O.W. RULES 5 –D (Country Pleasure) will apply with the following exceptions.

1. This class is open to all gaited horse breeds and no preference will be given to one particular gait.
2. Riders must wear and use western tack only. One or both hands may be used on the reins.
3. No whips, crops, nose bands, or cavesons allowed.
4. Horses in this class will not be asked to back.
5. Beginning the 1005 State Show a DQP will be used to check all gaited horses prior to being shown in their class.
6. Horse is to be shown at a walk and favorite gait. Horses will enter the arena at a walk.
7. Shoeing of the horse is allowed as permitted by the HPA and S.H.O.W. regulations. Shoes will be steel to hoof (flat shod). Shoe may be attached to the foot with shoeing adhesive. Horses will be shod with the frog exposed. Maximum 3/8" thick X 1" wide stamped (poured cast) hot or cold or cold roll steel or aluminum keg shoe is allowed (both front and hind feet). Poured or cast Clips, if poured in the original cast. Poured or cast heels (caulks), if poured in the original cast (may not be welded on) Borium is allowed on the toe (1 1/2" wide at the toe and spots on heels no more than 1/8" thick.
Hoof bands are prohibited.
8. Any standard horse bit may be used, except for gag bit with no shanks.
9. **Required Gaits for Slow Gaited Pleasure:**
 - a. **Walk:** This is a smooth slow four- beat gait that should be performed in a very relaxed manner. The horse should be alert but not nervous. Animation is not desired in this gait.
 - b. **Favorite Gait:** This gait is to be performed at moderate speed where the horse extends its stride and covers more ground with each step and can be a variation of any gaited horse breed, with no preference given to any particular gait over another. The gait should be consistent and balanced and should appear easy and comfortable to ride. Excessive speed and animation is not desirable and will be penalized.

NOTE: Animation is defined as high front knee action.

HEAVY SHOD SLOW GAITED

1. This class is open to all gaited horse breeds and no preference will be given to one particular gait.
2. Riders must wear and use western tack only. One or both hands may be used on the reins. Horse will be shown with split reins and with two (2) reins. No colored brow bands or ribbons are permitted. Nosebands of the western type can be used. This noseband may have silver on it. Cavesons are allowed, Cross Chain Cavesons are prohibited. Exhibitors are expected to present themselves in a professional manner.
3. Horses in Slow Gaited will not be asked to back.
4. Horses are to be shown at a walk and favorite gait. Horses will enter the arena at a show walk.
5. Shoeing of the horse is allowed as permitted by the HPA and S.H.O.W. regulations. Shoes will be steel to hoof (flat shod). Shoe may be attached to the front with shoeing adhesive. Horses will be shod with the frog exposed. Minimum shoe size $\frac{1}{2}$ " thick X 1" wide with the maximum being $\frac{1}{2}$ " thick x $1\frac{1}{2}$ " wide. Hoof bands are allowed and must be placed at least one half inch below the cornet band.
6. Any standard horse bit may be used, except for gag bit with no shanks. Bits with shanks in excess of $9\frac{1}{2}$ " in length are prohibited. Shanks are measured from the very top of metal to the very bottom of the metal including rings to which the cheeks and reins are attached.
7. Required Gaits for Heavy Shod Slow Gaited Pleasure:
 - a. **Show Walk:** This is a smooth four-beat gait that should be performed in a relaxed manner. The horse should be alert, but not nervous.
 - b. **Favorite Gait:** This gait is to be performed at moderate speed where the horse extends its stride and covers more ground with each step and can be a variation of any gaited horse breed; with no preference given to any particular gait over another. The gait should be consistent and balanced and should appear easy and comfortable to ride.

S.H.O.W. RULES REFERRED TO IN STATE RULEBOOK

S.H.O.W. F-10 (SHOW Rule Book Judges Section)

Time-outs interrupt a show, therefore unauthorized time-outs will not be permitted.

- a. An exhibitor desiring a time-out will ride to the center of the ring, remain mounted and request it of the judge. The judge will ascertain the reason for the time-out and either grant or deny the request.
- b. After an exhibitor pulls in on the grass, he or she should obtain a time-out before dismounting. Further, the entrance of a trainer or an assistant into the show ring before a time-out is granted may require the judge to excuse the entry. Judges should use their discretion in this matter. (Example: thrown shoe, rider may need to dismount before time-out is granted) if horse or rider is in danger, rule may be waived.
- c. If the judge grants a time-out horses on the rail will go at ease, and a groom or farrier will be ordered in as required. The exhibitor may then dismount. Exhibitors granted a time-out may not make adjustments to any equipment other than that for which the time-out was authorized except for such adjustments as they could make while mounted.
- d. Exhibitors at ease on the rail during time-outs may make such adjustments as they can make while mounted, but assistance over the rail is not permitted; physical assistance (touching the horse) is not permitted and will result in the horse being excused.
- e. If the judge finds the reason for a timeout not valid, he or she must order the entry back to the rail immediately.
- f. Time-outs may be granted by the judge for replacement of shoes, replacement of broke equipment (e.g. partially thrown shoe), or in other instances where the judge finds reasons. In any division, a shoe thrown in the ring must be presented immediately to the judge and a DQP for his/her inspection. The DQP will determine if the shoe is in violation. Loss of lead weight attached to the bottom of pads shall not be considered breakage of equipment. However, time-outs for adjustments of equipment, such as curb chains, bridles, and action devices are not allowed. Exception: Horse or rider in immediate danger. (Example: If a cavesson is too tight and cutting the horse's air off, a time-out may be granted.)
- g. A total of ten minutes in aggregate shall be allowed for each entry for authorized time-outs, but no more than two time-outs per class.
- h. All time-outs will begin when justifiable reasons are acknowledged, except for the replacement of shoes, in which event the time-out shall begin the moment the farrier lifts up the horse's foot. Time will be allowed prior to the beginning of time-out for locating thrown shoe.
- i. In the event a horse throws a shoe in the warm-up area after being inspected by the DQP, he or she may choose to have the shoe replaced by the show farrier after he or she enters the ring to show. He or she must be charged with a time-out with normal rules prevailing.

S.H.O.W. 6B SHOW PLEASURE

General Description, Rules, and Judging Criteria

The Show Pleasure horse should demonstrate show qualities in the ring but foremost the horse should be a pleasure to ride. Emphasis should be placed on manners, quality and suitability to the exhibitor while performing the gaits.

The performance of the horse should present an effortless ride for the exhibitor. The flat walk should be a four- cornered movement with the front legs showing breaking and reaching. The rear legs shall follow through close to the ground and over striding the front tracks. The running walk should be the same motion as the flat walk but with additional speed.

The Show Pleasure horse should be high headed with his neck arched and tucked at the muzzle and his head shaking in cadence with his leg movement. In the execution of gaits this horse should not be compared to horses in the Performance Division. A laboring, square going horse Or a horse hitting on its heels will not be accepted in the Show Pleasure class and this type of horse may be excused.

The Show Pleasure horse is allowed pads and action devices that are acceptable in the Performance Division.

Judges should value the innate grace and beauty of the TWH instead of rewarding the manufactured extravagant and exaggerated gaits. This will facilitate a more rapid return to horsemanship and training devoid of intolerable abuses.

One attendant may be allowed in the ring during the lineup in Amateur and Youth Exhibitor classes only for the purpose of aiding, assisting, and encouraging the exhibitor. The attendant may not touch the horse below the knees unless directed to do so by the judge.

S.H.O.W. strongly recommends that an attendant comes into the ring during the lineup in all 11 and under classes (regardless of division).

If any horse that has been judged comes out of a class line- up presenting an unacceptable image, the judge shall report the class and entry number to SHOW. A "Letter of Warning" will be sent to the trainer.

S.H.O.W. 3-D. General Requirements and Equipment for Horses.

Any entry found to have prohibited equipment must be excused.

1. All entries shall be clean, neatly trimmed, in good flesh presenting a healthy appearance, and outfitted in clean and appropriate tack.

3. Standard Walking Horse Single Rein Bridle and Bit. While any standard Walking Horse bit may be used; a gag bit with no shanks is not considered a standard Walking Horse show bit, and is prohibited. Severe bits are discouraged and bleeding of the mouth or muzzle may not be penalized in the final judging. Quick change bridles and reins are not permitted.
4. Full blinders of any type are not permitted on the show grounds at any time.
5. Communication devices may be used in all classes, excluding Equitation.
6. The use of a self-adhesive elastic wrap (vet wrap) will be allowed in the cannon bone area on the front legs on the cannon bone down onto the ankles on the rear legs. The color is to blend in reasonably with the color of the horse. (To be applied post inspection)
7. Names of horses, stables, trainers or exhibitors are prohibited on show equipment in the show ring; however, inconspicuous name plates on bridles and saddles are acceptable. Failure to follow this rule is cause for class dismissal from the show ring of the entry in violation or of the entry of the stables whose name is observed in the ring.
8. Artificial Marking and Appliances. Any change in color of markings other than mane, tail, or hoof is prohibited. Only clear grooming materials are allowed on the hide and hair. Material may be used to remove stains. All artificial appliances other than those set forth in this section are prohibited.
9. Whips. Whips of four feet or less are allowed in any class where English attire and equipment are used. No item may be used inside or from outside the ring, while showing a horse except one whip per handler no longer than four feet including the snapper. Whips up to six feet are permitted in any class in which the horse is driven. No lashes or appendages or any other appliances of any kind are permitted to be attached to the whip. A whip of this kind is not permitted in a warm up ring or show ring. No whip may be handed across the rail to an exhibitor.
10. Hoof Bands. Metal hoof bands, such as used to anchor or strengthen pads and shoes are permitted, so long as they are placed at least one half inch below the coronet band. Bands must be a maximum of $\frac{3}{4}$ " and a minimum of $\frac{1}{2}$ " in width. Bands must be made of a 16 gauge or smaller flexible steel.
11. Action Devices. As permitted according to the HPA.
12. Acceptable Lubricants. All foreign substances are prohibited on the pastern area (above the hoof, but below the fetlock) of any horse being shown, exhibited, or offered for sale at horse show, exhibition, or horse sale or auction, except what is supplied by SHOW. Any such lubricant is permitted to be applied only after the horse has been inspected by the DQP and may be applied only under the supervision of a DQP or SHOW.

The heel shall be measured from the coronet band, at the most lateral portion of the rear pastern, at a 90 degree angle to the ground, not including normal caulks at rear of the horseshoe that do not exceed $\frac{3}{4}$ " in length. That portion of caulk at the rear of horseshoe in excess of $\frac{3}{4}$ " shall be added to the height of the heel in determining the heel to toe ration. Please refer to Appendix A to this section of the rulebook for official heel/toe measurement chart.
15. Pads. Pads shall be $\frac{1}{2}$ " minimum and made of leather, plastic, or a similar pliant material.

The amount of artificial extension, whether accomplished by pads, acrylics or any other material or combination thereof, must not exceed 50 percent of the natural hoof length. The natural hoof length is measured from the coronet band at the center of the front pastern along the front of the hoof wall, to the distal portion of the hoof wall at the tip of the toe. The thickness of the pad or artificial extension shall be measured from the distal portion of the hoof wall at the tip of the toe at a 90 degrees angle to the proximal (foot/hoof) surface of the shoe. Please refer to Appendix B of this section of the rulebook for official pad measurement chart.
17. Pads on Yearling Horses. Pads or other devices on yearling horses (horses up to two (2) years old) that elevate or change the angle of such horses' hooves in excess of 1" at the heel are not permitted.
18. Insertion of Material between the Pad and the Hoof. Any object or material inserted between the pad and the hoof is not permitted, except for acceptable hoof packing, which includes pine tar, oakum, live rubber, sponge rubber, silicone, commercial hoof packing, or other substances used to maintain adequate form pressure or sole consistency.
19. Shoe Size. The maximum shoe size is 1 $\frac{1}{2}$ " wide and $\frac{1}{2}$ " thick. The maximum thickness of shoe and caulk is 1".

Pads may not be hollowed out for the purpose of inserting or affixing weights, and weights may not extend below the weight bearing surface of the shoe. Hollow shoes or artificial extensions filled with mercury or similar substances are prohibited.
27. Break over. The break over point of the shoe cannot be any further back than the tip of the toe on the natural hoof.
