A Google Map should then be shown
Please then click on Menu icon ☰

Once opened please click on Settings

Please change to the following settings and click **save**

The screenshot shows an Android settings application with a blue header bar containing a menu icon and the text "Settings". The status bar at the top displays the time "18:01", signal strength, "SMS" status, a gear icon, Wi-Fi, cellular signal, and "100%" battery. The settings are organized into sections: "Push notifications" is set to "Yes"; "Map" section includes "Map startup position" set to "Fit objects" and "Map icon size" set to "100%"; "Other" section includes "Startup tab" set to "Map", "Language" set to "English", "Unit of distance" set to "Mile", "Unit of capacity" set to "Liter", "Unit of temperature" set to "Celsius", and "Time zone" set to "(UTC +1:00)". Below these are three empty text input fields for "Change password": "Old password", "New password", and "Repeat new password". At the bottom of the settings list is a "Save" button. The bottom of the screen shows the standard Android navigation bar with three icons: a square, a circle, and a triangle.

Push notifications	Yes
Map	
Map startup position	Fit objects
Map icon size	100%
Other	
Startup tab	Map
Language	English
Unit of distance	Mile
Unit of capacity	Liter
Unit of temperature	Celsius
Time zone	(UTC +1:00)
Change password	
Old password	<input type="text"/>
New password	<input type="text"/>
Repeat new password	<input type="text"/>
<input type="button" value="Save"/>	

All Completed Enjoy!
