0-62mph:	5.6 seconds
Top speed:	160mph
Price when new:	£37,500 (1980)

## Additional Comments:

Lamborghini set the standard for the supercar at the time, but the BMW M1 proved that it wasn't all about pizzazz. The BMW M1 is still the only M car with a mid-engine layout, even after 40 years. The M1 has had a huge impact on BMW's design language since its introduction in 1980. The BMW i8 and XM are both clear examples of the M1's influence over design ethos
