

LATSHA TECHNOLOGIES

“Engineering ,safety and Handling services”

LatshaTechnologies. Our company specializes in manufacturing and supplying and commissioning of chlorination plant as well as providing the service for the following items.

1. Gas Chlorinators (Vacuum Type / Gravity Type Chlorination systems)
2. Chlorinators Accessories spares _Coil Copper tubes , Lead washer/Gaskets , Chlorine valve, Chlorine Isolation Valve ,Manifold Valve, Instrument Isolation Valve , Pressure Reducing Valve, Safety Valve , Gas Filters, Etc
3. Electro Chlorinators
4. Electrical Evaporators
5. Steam Evaporators
6. Auto Chlorine Absorption System (Tower & Tank Type)
7. Chlorine Leak Neutralization System (Pit Type)
8. Chlorine scrubbing system
9. Auto Chlorine Tonner Leak Detection system
10. Ammonia Dosing Plant
11. FRP Vessels
12. Chlorine cylinders
13. ([Petroleum and Explosives Safety Organisation](#)) Storage, Handling certification Licenses
14. All Type of Valves (IS : 3224 Valves , Ball valves IS: 3224 Valves , CS Ball valves ,Electric/Motorised Auto shut off valves , Electric /Motorised Auto change over valves, Pneumatic Auto shut off valves , Pneumatic Auto change over valves,

LATSHA TECHNOLOGIES

“Engineering ,safety and Handling services”

- Control valves, Butterfly valves / Diaphragm Valves / Check valves, PP Diaphragm Valves , PP Ball Valves , PP Butterfly Valves, PP Check Valve ,
15. Safety Accessories: Self Air Breathing Apparatus (30 /45 Minutes), Air Compressor ,
Emergency KITA & B, Emergency Eyes wash showers.
16. Handling Accessories: Tonner Roller supports, Lifting Beam with adjustable Hooks,
Electric Hoist ,
17. Monitory and Testing Devices: FRC Analyzer, Portable Chlorine Leak Detector ,
Chlorine Leak Detector , Chlorine Testing Kits , pHMeter
18. Centrifugal Blower
19. Booster Pumps / Dosing Pumps
20. Chemical dosing plants
21. Engineering job works
22. Piping and structural works, etc
