To Whom It May Concern,

It is my pleasure to recommend **Ivy Yi-Hsuan Wu** to join your company as a **Digital Composer**.

I have known Ivy since June 2019 when she started as a paid Trainee at FuseFX in Los Angeles, CA. With her expertise in Compositing and CG, she quickly became an essential part of our summer internship team working on their project *SCAVENGER*. She confirmed to be a true asset to our team and has proven to be exceptional in several respects.

She has extraordinary skills that she is always eager to share as well as to learn from others, which is a big plus in this industry's teamwork environment. I found her performance and conduct to be consistently outstanding, which also shows in her thesis project. She is a 2020 **Master of Fine Arts** graduate from the Academy of Art University in San Francisco, CA.

It is for these reasons that I offer high recommendation for Ms. Wu without reservation. I am convinced that with her drive and abilities, she will continue to be one of the most valuable assets to our industry as a whole. I greatly admire her talent and sincerely enjoyed working with her. I am confident that Ms. Wu will continue to contribute to visual effects, film, television, and commercial productions in countless ways as she has shared her time and exceptional skills as a digital artist for years already.

Should you need further information to aid your decision making process, please do not hesitate to reach out.

Sincerely yours,

Christian Zeiler
