

CONNECTING COMMUNITIES. EXPANDING OPPORTUNITY.

MISSION & ORGANIZATION

Connected Community Innovations (CCI) is a Seattle-based 501(c)(3) public charity advancing human-centered, technology-enabled solutions that improve access to essential services, digital opportunity, workforce pathways, and community support. CCI convenes communities, service providers, government, education, and corporate partners to create practical and scalable models rooted in dignity, equity, accessibility, and measurable impact.

CORE CAPABILITIES

Community Access & Resource Navigation

Connecting people to housing, food, healthcare, transportation, employment, education, legal aid, and other supports.

Community Access Kiosks

Accessible indoor and outdoor resource entry points supported by multilingual, low-friction navigation.

Digital Inclusion & Connectivity

Technology access, digital tools, connectivity, literacy, and support for underserved communities.

Workforce & Digital Skills

Career readiness, technology education, digital literacy, training, and pathways to opportunity.

Community Outreach & Engagement

Listening sessions, workshops, community assessments, co-design, stakeholder engagement, and feedback loops.

Smart Shelters & Community Services

Resource visibility, connectivity, inventory awareness, operational coordination, safety, and service modernization.

Stakeholder Collaboration

Coordination across government, nonprofits, service providers, education, sponsors, and community organizations.

Impact Measurement & Reporting

Privacy-conscious aggregate insights, qualitative feedback, program learning, and continuous improvement.

FEATURED PROGRAM AREAS

Community Outreach & Engagement

Community listening, assessments, workshops, outreach, and collaborative program design.

Workforce & Digital Skills Development

Digital literacy, technology training, workforce readiness, career support, and skill-building pathways.

Digital Inclusion, Connectivity & Wellness Technology

Access to devices, connectivity, inclusive tools, community wellness resources, and technology support.

Community Service Access Platform

A shared resource-navigation approach designed to help people find current local services through accessible digital channels.

Community Access Kiosk Program

Deployment-ready indoor and outdoor access points supported by a phased pilot, expansion, and scaling framework.

DEPLOYMENT-READY FRAMEWORK

PILOT • EXPAND • SCALE

- Flexible indoor and outdoor placements
- Shared content stewardship and partner coordination
- Privacy-conscious aggregate reporting

HUMAN-CENTERED DESIGN

Dignity and privacy through anonymous or consent-based pathways and data minimization. Accessibility through multilingual guidance, visual navigation, and simplified interactions. Community feedback supports iterative refinement. Trauma-informed physical and digital experiences help reduce friction and support respectful engagement.

WHY CCI

Community-led programs begin with needs, trusted locations, and stakeholder input. Technology supports access and coordination rather than replacing human services. Pilot-to-growth models enable responsible learning and scale. CCI convenes government, nonprofits, education, corporations, service providers, and community stakeholders.

GOVERNANCE & ACCOUNTABILITY

Board-governed oversight with defined officer responsibilities. Conflict-of-interest safeguards support mission-aligned decisions. Documented financial controls support responsible stewardship. Privacy, accessibility, safety, ethics, and community impact guide technology and program decisions.

PARTNER WITH CCI

Collaboration pathways include program pilots and demonstrations, corporate sponsorship and employee giving, grants and public-private partnerships, workforce and research collaborations, community outreach, stakeholder engagement, and educational partnerships.
