

Cancun, Quintana Roo a 23 de enero de 2021

*Estimados Miembros de CLOH Y Comunidad Aeroportuaria:*

*Derivado de las disposiciones internacionales dispuestas por diversos países para la entrada de pasajeros internacionales, en especial de los Estados Unidos de América, donde a partir del 26 de enero, será obligatorio presentar una prueba “NEGATIVA” de Covid -19, hemos trabajado de manera conjunta con el Gobierno de Quintana Roo y los empresarios del estado, para ser parte de la estrategia que se ha preparado para satisfacer las necesidades expresadas por los gobiernos y atender las necesidades de nuestros visitantes. A la par con los diferentes sectores empresariales y de las asociaciones de hoteles del estado.*

*El Departamento de Salud de los Estados Unidos de América, a través del Centro de Control y Prevención de Enfermedades ha establecido el requisito de una prueba negativa de COVID-19 para todos los pasajeros que entren a ese país por vía aérea. El CDC ha solicitado realizarse una prueba de ANTIGENO o PCR 1 a 3 días antes de la salida de los vuelos hacia la Unión Americana, debiendo proporcionar la documentación escrita con el resultado de la prueba de laboratorio (ya sea en papel o en formato electrónico) a la aerolínea o en su caso proporcionar la documentación que acredite que se han recuperado de COVID 19. Las aerolíneas deberán de confirmar la prueba negativa para todos los pasajeros y/o los documentos de su recuperación antes del abordaje, de no ser así deberán de negar el acceso al pasajero a la aeronave.*

*Como parte de la estrategia en el estado, el Aeropuerto de Cancún se ha sumado estableciendo puestos de toma de pruebas en las terminales, 2, 3 y 4, con el Laboratorio EQUIVER-LIMED, a partir del 25 de enero del 2021, Para poder con ello lograr atender cualquier contratiempo que pudiera presentarse a cualquiera de nuestros pasajeros en su proceso de documentación y paso por nuestra terminal aérea. EQUIVER- LIMED, cuenta con los permisos otorgados por la COFEPRIS Y EL INDRE, para realizar, interpretar y emitir constancia de los resultados de las pruebas aplicadas. La ubicación de los puestos de toma de muestras es la siguiente:*

*Terminal 2: El Parquecito*

*Terminal 3: Accesando por la puerta 1 a la terminal, en el primer local de la derecha.*

*Terminal 4: En el Andén de salida de pasajeros, frente al acceso a la terminal.*

*EQUIVER-LIMED, estará ofreciendo la prueba de Antígenos distribuido por Roche Diagnostics GmbH (Alemania), que cuenta con la autorización de COFREPIS y la validación del INDRE.*

*Lo anterior deriva del documento emitido por el CDC de los Estados Unidos: REQUIREMENT FOR NEGATIVE PRE-DEPARTURE COVID-19 TEST RESULT OR DOCUMENTATION OF RECOVERY FROM COVID 19 FOR ALL AIRLINE OR OTHER AIRCRAFT PASSENGERS ARRIVING INTO THE UNITED STATES FORM ANY FOREIGN COUNTRY, con fecha del 12 de enero de 2021, el cual además de establecer los lineamientos y condicionantes para viajar*

a ese país que deben cumplir pasajero y aerolíneas, en uno de sus párrafos la letra dice lo siguiente:

*“ CDC recommends viral testing and receipt of results 1-3 days before departure for international travelers, particularly those traveling long distances or passing through transportation hubs such as airports where social distancing maybe”*

*"Los CDC recomiendan la realización de pruebas virales y la recepción de los resultados entre 1 y 3 días antes de la salida para los viajeros internacionales, en particular para aquellos que viajan largas distancias o pasan por centros de transporte como aeropuertos donde tal vez haya distanciamiento social"*

*(Fuente: <https://www.cdc.gov/coronavirus/2019-ncov/travelers/testing-air-travel.html> )*

*Derivado del reto logístico que representa el poder ofrecer a los pasajeros del aeropuerto el que hagan su prueba viral en nuestras instalaciones, es indispensable que toda la comunidad este consciente y promueva, de conformidad con la **recomendación** realizada por el CDC, el que los pasajeros que viajen a aquellos países donde un resultado negativo de la prueba es obligatorio, que esta sea realizada entre 24 y 72 horas antes de la salida del vuelo, evitando con ello que existan aglomeraciones, largas filas, riesgo de perder el vuelo por falta de resultado, pérdida de la sana Distancia y otras complicaciones que de manera notoria pueden afectar la operación de todos ustedes, y pudiendo producir niveles altos de incomodidad y baja calidad de servicio al viajero.*

*Adicionalmente, anexo a la presente encontrarán información diversa proporcionada por el Gobierno del Estado, la Secretaría de Turismo de Quintana Roo y las asociaciones de Hoteles de la región, así como la lista de laboratorio que hacen pruebas en Quintana Roo y otros estados emitida el 15 de enero del presente por el Departamento de Estado de USA.*

*Estamos convencidos, que como comunidad aeroportuaria, de nueva cuenta, lograremos cumplir con éxito este nuevo reto, que sin duda, seguirá garantizando el éxito de nuestro estado a nivel mundial, demostrando porque somos el mejor destino de México.*

*Quedo como siempre a sus órdenes*

*Atentamente*

*Ing. Carlos Trueba Coll  
Director Aeropuerto de Cancun*

## **COVID-19 TESTING IN MEXICO**

Local service providers in Mexico can administer the COVID-19 test, with results typically available within 72 hours. The Embassy/Consulates cannot administer or pay for tests. The Department of State assumes no responsibility or liability for the professional ability, reputation, or the quality of services provided by the entities or individuals whose names appear on this list. Many clinics / labs on this list offer "home visits" throughout the region at an additional cost. Please contact the clinic / lab directly for details.

## RESUMEN INFORMATIVO CON RELACIÓN A PRUEBAS PCR EN EL CARIBE MEXICANO PREVIAS A LA SALIDA DE TURISTAS (1ra versión 07 de enero de 2021)

A principios del año 2020, a nivel global se informó acerca de la existencia de un nuevo coronavirus (Covid-19) que ocasiona enfermedades respiratorias en humanos. Ante la emergencia sanitaria de salud pública que se ha originado y declarada como pandemia por la Organización Mundial de la Salud (OMS) en el mes de marzo del presente año, el Estado de Quintana Roo puso en operación diferentes protocolos para salvaguardar la salud y el bienestar de su población y visitantes.

A finales del 2020 y principio del 2021, algunos países han implementado a sus connacionales la exigencia de presentar una prueba diagnóstica Coronavirus Covid-19, por técnica PCR, negativa para autorizar la entrada de regreso a su país de origen.

El Caribe Mexicano cuenta con protocolos de prevención, detección y atención tanto para la población local como para nuestros turistas, y con una red hospitalaria y de laboratorios de análisis clínicos que realizan las pruebas diagnósticas por técnica PCR, que se enlista a continuación, de manera informativa y no limitativa y con fines exclusivamente informativos:

LABORATORIO	COSTO (PESOS)	ENTREGA DE RESULTADOS	DIRECCIÓN	TELÉFONO	PÁGINA WEB

Tarifas al 06 de enero del 2021 y válidas de acuerdo a la disponibilidad de cada hotel.

Desde el Aeropuerto de Cancún, hay servicio de transportación por autobús, saliendo desde las diferentes terminales, con horarios frecuentes, con destino a las estaciones de autobuses ubicadas en el centro de Cancún y el centro de Playa del Carmen.

Para los turistas que resulten con una prueba diagnóstica PCR con resultado positivo para el Covid-19 y tengan que cumplir el aislamiento obligatorio en el Caribe Mexicano, les informamos que hemos establecido la Certificación en Protección y Prevención Sanitaria en Instalaciones Turísticas. La certificación establece y vela por el cumplimiento de buenas prácticas sanitarias al interior de los establecimientos turísticos, con el fin de dotar de confianza y certeza todos nuestros turistas. Los hoteles que se encuentran certificados cuentan con protocolos específicos para la atención de turistas en aislamiento. Link: <https://qroo.gob.mx/sedetur/empresas-cppsit>

Además de los hoteles certificados, se cuenta, en el centro de Cancún, con un hotel con personal altamente capacitado en protocolos de atención a turistas en aislamiento. Para verificar disponibilidad y reservaciones favor de solicitarlas directamente al hotel Wyndham Garden Cancún Downtown al departamento de reservaciones al correo electrónico [lucia.urbina@wyncun.com](mailto:lucia.urbina@wyncun.com) y [enrique.garcia@wyncun.com](mailto:enrique.garcia@wyncun.com), o al teléfono 998 872 9400.

Recomendamos a todos los turistas descargar la **Aplicación Guest Assist** de la Secretaría de Turismo, que proporciona asistencia a turistas que visitan el estado de Quintana Roo. La aplicación es de descarga gratuita, está disponible para IOS y Android y contiene un apartado con información importante en relación al Covid-19, además ofrece contacto con un call center disponible 24/7. Link: <https://www.guestassist.mx>

Es importante hacer del conocimiento a todas las personas interesadas en contratar los servicios de las empresas ya citadas y demás público en general que la Secretaría de Turismo no se hace responsable de cualquier reclamo, daño, afectación o situación similar que se genere con motivo de la prestación de dichos servicios, dado que no existe ninguna relación laboral o comercial con las mismas.

Desde la Secretaría de Turismo, estamos firmemente comprometidos con garantizar la seguridad y el bien estar de todos nuestros turistas y trabajadores del sector y estamos trabajando activamente en su ejecución.
